MOSCOW, July 6.—A wedge has been driven into the Soviet lines in the Bielgorod sector by German forces attempting a pincer movement against the important Moscow-Rostov rail line, the Soviet high command acknowledged today.

As the southern tongue of the Nazi pincers pierced the Russian lines near Bielgorod, the other arm made only slight advances in the Kursk sector despite furious German assaults into which men and material were hurled without stint.

(The Germans claimed that both arms of the pincers had broken through the Soviet opposition and (Continued On Page Seven)

### EVANGELIST GIVES EVENING SERMON

Czechoslovakia's brave but tragic resistance to the German tide in 1939 was recalled to a community audience of 2,800 in the Cathedral last night by Dr. Vojta Benes, Czechoslovakian senator and brother of Dr. Edouard Benes, president of that over-run republic which now functions from London.

At a combined patriotic and evangelistic rally, Dr. Benes recited in solemn words the brutalities and atrocities which have been inflicted upon the Czechs since the Nazi overlord took over, and he called upon democracies everywhere to be prepared in these dark days of peril.

"Be Prepared," He Says  
"The first duty of a democracy is to be prepared," he said, "and we Czechoslovakians were prepared as best we could in 1939, and we resisted to our utmost."

### American Fliers Celebrate Fourth With Bomb Raids

Attacks On Nazi Airdromes In Holland Were Of Impromptu Origin

(International News Service)  
LONDON, July 6.—The Fourth of July bombing by American fliers of Nazi airdromes in Holland was staged in impromptu fashion to celebrate Independence Day, it was learned today.

The Americans, newly arrived in England, were visiting an RAF airdrome, where they did a few hours of practice flying.

Hospitably, the British airmen at the field asked if they would like to take part in a raid to celebrate the Fourth.

There was no need to repeat the invitation. The United States Army fliers immediately took over half of the 12 fueled and waiting twin-engine Douglas Boston bombers marked with Britain's cockade, and the force was off.

The raid was of a spectacular nature which is not likely to form a regular part of Allied air operations over western Europe. The Boston bombers operated over a greater distance than usual and consequently were unable to take along heavy fighter support.

In order to reach Valkenburg the planes were obliged to wing their way 150 miles over Nazi-occupied territory in broad daylight. Ordinarily fighters escort bombers on daytime bombing missions.

### Speedy Trial For Nazi Saboteurs

Military Authorities Predict Trial Of Eight Will Last Less Than Week

By JACK VINCENT  
(U. S. Staff Correspondent)  
WASHINGTON, July 6.—Military authorities predicted today that the trial of the eight German saboteurs starting in Washington on Wednesday will last less than a week.

Captured by the FBI after they were landed on American shores from German submarines, the Nazis will be brought before a seven-man military commission, with the threat of the gallows or a firing squad facing them.

All of them, according to the FBI, have confessed that they had planned to blow up American aluminum plants and key railroad and power works in an effort to halt American plane production.

Since the saboteurs have admitted their guilt in the confessions, the military court is expected to complete the testimony of the case in three or four days, with its decision to be announced almost immediately.

The most difficult job, according to military view, will confront Col. Dowell and Royal. There is considerable speculation over whether the eight accused men will plead guilty and throw themselves on the mercy of the court, since they already have confessed.

But this year we're getting it all in a heap, but there's little that we can do, except take what comes and be glad of that, the weather is seventy-two.

### PA NEW OBSERVES

New Castle and Lawrence county have probably never before experienced such a quiet Fourth of July period. Fireworks were absent, and there was an unusual calm and quietness on the Fourth. A few cap pistols were in use, but that was the extent of the noisemaking. Traffic was heavy at times, but there were no serious accidents.

# Plan For Financial Blockade Of Axis

## All Agencies Of Axis Will Be Hit

Twenty-One American Republics Making Plans To Block Axis

### ALL AXIS FIRMS TO BE TAKEN OVER

By KINGSBURY SMITH  
WASHINGTON, July 6.—Plans for a complete financial blockade of all Axis agencies and suspected fifth columnists in the western hemisphere are being completed today by the representatives of the 21 American republics.

Under the plans for joint action which are being drafted in Washington by the inter-American conference on systems of economics and financial control, a national of any one of the 21 republics who is suspected of working in the interests of the Axis would be denied the right to financial or commercial relations of any sort.

The committee is also drafting plans to eliminate all other financial and commercial activities which are considered to be in any way prejudicial to the welfare and security of the American republics. When these plans have been completed they will be submitted by the 21 representatives to their respective governments for approval.

### Plan Proposed

One proposal under consideration calls for nationals of the Latin-American republics to take over the management and operation of former Axis-controlled firms which have been closed by their respective governments or placed on the American "black list." American financial assistance will be extended to Latin-American nationals to help them operate some of these blacklisted ex-Axis firms.

The United States also is seeking the co-operation of all the Latin-American governments in "calling in" American currency in circulation in their countries. The American government wants to check the numbers of this currency, in order to keep track of it in the future. Those who turn in their American dollars for "checking" will receive them, or their equivalent, back providing they can show that the money was obtained in a legitimate manner. In this way, it is hoped to cut off enemy agents from access to American currency in Latin America.

A number of Latin-American republics already are co-operating with the United States in tightening the screws of the financial blockade against the Axis powers and their agents. Brazil and Peru are in the forefront of the nations which are helping America outwit the Axis financially as well as politically in the western hemisphere.

However, co-operation of all the 21 American republics is considered essential to make the blockade effective. Both Argentina and Chile are represented on the committee, and it is hoped that the governments of those two countries will co-operate in making the plans effective.

## EVACUATE CIVILIANS FROM THE ALEUTIANS

(Continued From Page One)

Plans have been transferred from the thinly populated Aleutians to the mainland may mean that U. S. military and naval leaders possibly are preparing for any eventuality in that area.

**Removed By Navy**  
Revelation of the evacuation was made by the bureau of Indian affairs which said that all civilians on the Aleutians from below Dutch Harbor, on Unalaska Island, to Attu, westernmost island of the long chain, were removed by naval vessels in the past week to "near Juneau, Alaska." Civilians were also taken from the Pribilof Islands, in the Bering sea, north and west of the Aleutians.

Most of those removed are natives, since population of the islands included very few white people, a spokesman for the bureau said. None of the Attu civilians, who are all natives except one trader and one of two school teachers, was removed. Neither were any of the civilians evacuated from Dutch Harbor, but some natives were removed from a nearby village. Some of the civilian population of Kiska were understood to have been removed also.

With the civilians out of the possible battle zone, military experts pointed out there would be no need to worry about them in the event that the Japanese attempted to move eastward and major engagements took place.

### Way Clear For Attacks

Should the Japanese attempt to invade other islands, this absence of civilians would leave the way clear for possible extension of the American bombing raids that already have taken a heavy toll of the enemy.

Only Saturday the Navy revealed that despite adverse weather conditions Army bombers had staged four new raids on Japanese installations and shipping in the Attu-Kiska area during the past two weeks.

Ever since the bombing of the Dutch Harbor naval base on June 3, the Nipponese have been moving men and materials into the Kiska area under cover of fog.

That the Nipponese apparently intend to make use of their toe-hold on the Aleutians was intimated by the Navy announcement that on July 2 a patrol plane observed three enemy transports with escorting vessels off Agattu Island, near Attu. Army bombers attacked the invasion force and inflicted some damage, although weather prevented accurate observation.

During the past month, Army and Navy planes have sunk or damaged more than 10 Japanese warships and auxiliary vessels. Some military men still contend that the Nipponese have taken possession at the tip of the archipelago as a preliminary step for an attack upon Russian Siberia.

Marco Polo told of the Mongols that when they went on a journey each man took about 10 pounds of dried milk. Every morning he put half a pound of this milk into his leather bottle, with as much water as he wanted, and as he rode the dried milk and water got well mixed into a kind of pap, which made the man's dinner.

Maybe football wasn't ever "over-emphasized." Football stars are now our most daring soldiers.

Axis forces in Egypt, is preparing to strike again in an effort to smash the British defenses guarding Alexandria.

The strength of the Axis forces, the Express said, threatens to neutralize Alexandria as a naval base. British Gen. Sir Claude Auchinbach's reinforcements, it was said, are not likely to be sufficient for many days to come to enable him to launch a heavy counter-offensive.

LONDON, July 6.—British Ambassador Lord Halifax and Lady Halifax returned yesterday to London from the United States, it was learned today.

The British foreign office recently announced that Lord Halifax was resigning from his post in Washington but it was not revealed whether he was coming for a visit or whether he would remain in England.

ROME, July 6.—By Official Italian Wireless—"Lively" artillery activity by both sides on the Egyptian front was acknowledged today by the Italian high command, which previously had claimed complete rout of the British forces.

A communique admitted steady attacks by the British, but claimed that all had been repulsed, while Axis planes wrought heavy damage to enemy motorized units.

New Axis air raids on Alexandria and Port Said also were claimed.

NEW YORK, July 6.—Workers coming from eastern Europe now are being sold on the Nazi slave market to German employers, the BBC reported today, according to CBS.

"A Stockholm newspaper reveals that a German employer can now buy from the state workers coming from eastern Europe. In this modern system of slavery the German employer is free from all obligations to give the worker a square deal," the broadcast said.

"He need not pay overtime of any kind, give holidays or give sick-leave benefit. The employer can also pay lower wages for foreign labor than he does for German workers."

STOCKHOLM, July 6.—An unidentified submarine today entered Swedish territorial waters and attempted to torpedo a Swedish naval escort ship, it was announced officially in a radio.

A torpedo from the submarine exploded in a reef. The Swedish warships dropped depth charges but no result was announced.

NEW YORK, July 6.—Numerous American tanks, driven by inexperienced crews, have been wrecked by Axis forces in the fighting around El Alamein, the BBC radio said today in a broadcast heard by CBS.

Interviews for candidates for the hundreds of vacancies for radio engineers, inspectors and technicians at the Philadelphia Signal Depot will be conducted in New Castle Tuesday from 9 a. m. to 4:30 p. m. it was announced today.

Bernard B. Rosenman will come here on a special recruiting mission for the U. S. Civil Service commission and talk with applicants at the Citizens bank building office of the U. S. Employment service.

Immediate appointment will be offered those who have the required experience. Some of these positions are in the inspection division, and require travel to private plants for the inspection of signal corps equipment. Persons who have experience as radio inspector or mechanic or who possess an amateur license will be qualified. In addition, those who have had college study in engineering or physics or who have completed radio course in recognized radio schools or in engineering defense training schools, will also be qualified. All inspectors must be available for travel east of Chicago. Salaries range from \$1,620 to \$2,600 per annum, with allowance for travel and overtime.

## Rate Change For Few Customers Of Power Company

(Continued From Page One)

HARRISBURG, July 6.—The Pennsylvania Power company has been granted permission to boost rates to consumers of more than 50 kilowatts of Electricity in Lawrence, Allegheny, Beaver, Butler and Mercer counties, the Public Utility commission reported today.

The utility also was granted authority to read electric meters at longer than monthly intervals. The ruling became effective July 1. Commissioners Richard J. Beamish and Thomas C. Buchanan filed dissenting opinions.

The utility also will eliminate industrial power schedules B, D, and E on Jan. 1, 1943, and transfer the consumers to industrial power schedule No. 37.

Pennsylvania Power company officials here today stated that the sanction to boost rates affects only a few consumers who have been buying current on non-standard rates. The action standardizes the rates now it was explained.

The total increase is less than \$3000.

Shortly after the disclosure that virtually all civilians have been evacuated from the Aleutian Archipelago, possibly in preparation for extensive operations in that area.

To date, the Japanese have occupied only Attu and Kiska, and perhaps a few smaller islands at the extreme end of the Archipelago. The surprise submarine blow at the Japanese indicated that American forces are determined to keep the Nipponese from a possible attempt to occupy other islands east of the Kiska area.

Close cooperation between America's fighting forces was indicated in the submarine attacks, since the Navy previously had reported that a patrol plane on July 2 had sighted an enemy invasion armada off Akutan Island, about 35 miles south-east of Attu.

## Interviews Here Set For Tuesday

Civil Service Representative To Seek Signal Corps Recruits

Interviews for candidates for the hundreds of vacancies for radio engineers, inspectors and technicians at the Philadelphia Signal Depot will be conducted in New Castle Tuesday from 9 a. m. to 4:30 p. m. it was announced today.

Bernard B. Rosenman will come here on a special recruiting mission for the U. S. Civil Service commission and talk with applicants at the Citizens bank building office of the U. S. Employment service.

Immediate appointment will be offered those who have the required experience. Some of these positions are in the inspection division, and require travel to private plants for the inspection of signal corps equipment. Persons who have experience as radio inspector or mechanic or who possess an amateur license will be qualified. In addition, those who have had college study in engineering or physics or who have completed radio course in recognized radio schools or in engineering defense training schools, will also be qualified. All inspectors must be available for travel east of Chicago. Salaries range from \$1,620 to \$2,600 per annum, with allowance for travel and overtime.

of the small but courageous European nation now, with her people enslaved, she fights on in the belief that God will free her and the whole world from Nazi tyranny.

The huge audience rose and applauded as Rev. James A. Stewart, internationally known Scotch evangelist and friend of the speaker, introduced Dr. Benes.

Rev. Stewart himself was the other featured speaker of the evening. Presiding at the service was Capt. Carl C. Andersen, head of the New Castle branch of the Salvation Army. Rev. Oliver W. Hurst, pastor of First Baptist church, where Evangelist Stewart will speak each night this week, read a letter from Mayor Charles B. Mayne, who expressed his regrets for being out of the city and being unable to personally introduce Dr. Benes.

Choir Sings, Band Plays

On the platform back of the speakers was massed a 200-voice choir directed by Prof. Robert Johnson. New Wilmington school music supervisor and chorister at First Baptist church. The choir sang several numbers.

A 50-piece band, organized and led by Miss Christina Gancotti, played during the service.

Rev. Stewart's stirring evangelistic sermon last night was entitled "God's Love for this World Manifested on Calvary, and he drew his text from John 3: 16.

Other participants in the program were Rev. William A. Thornton, pastor of Epworth Methodist church, who pronounced the invocation. Rev. Raymond J. Fredericks, who offered prayer; Dr. G. S. Bennett, pastor of First Christian church, who brought greetings from the New Castle Ministerial association; Rev. Sidney K. Bliss, who gave a prayer before the evening offering was lifted, and Rev. C. J. Burton, of St. Andrew's Episcopal church, who gave the benediction.

At noon today Dr. Benes addressed a luncheon audience of Rotarians, Kiwanians and other service club members at The Castleton.

FAITH

WHY THE DIFFERENCE?

We understand there is an ordinance prohibiting one from using his radio to advertise with, in his store door. But, it seems there is no ordinance to prohibit the turning of a dance hall, using loud speakers that carry the noise and racket for several squares, annoying working people who want to sleep in order to work the next day and interferes with the renting of property to people who want to live in a peaceful community. And, this is carried on up until two o'clock in the morning.

But, when the matter is looked into, there may be a way to stop it.

# MRS. UBER HOSTESS AT SPOON CLUB LUNCHEON

Members of the Spoon club were delightfully entertained by Mrs. L. M. Uber, of North Mercer street, at her home on Friday for luncheon and bridge.

Contract bridge prizes were awarded to Miss Jennie Marshall, Mrs. Q. A. McBride, Mrs. James M. Smith, Mrs. Robert Montgomery, and Miss Mary Pearson.

Out-of-town-guests present were Mrs. Blanche E. Gray, of Cleveland, who is the houseguest of Mrs. J. Ward Reis, of East street, and Mrs. Robert Montgomery, of Pittsburgh, niece of the hostess.

Mrs. Grace Phillips Johnson, of Moody avenue, has invited the club to her home for an out-door picnic luncheon on July 17.

# OAKWOOD GARDEN CLUB PICNIC NOON THURSDAY

Oakwood Garden club members have plans completed for their annual picnic outing to be held Thursday at noon in Gaston park. If inclement weather prevails, however, it will take place in the home of Mrs. Ethel Whiting on the Youngstown road.

An interesting program is planned following the serving at 12 o'clock.

**Friendship Class**  
Friendship class of the Harbor U. P. church met recently in the home of Mr. and Mrs. John C. Bartley, Youngstown road. Games were enjoyed and a tasty lunch was served by the hostess, aided by Mrs. Howard Cox, Mrs. John Eve, Mrs. Karl T. Rohrer and Mrs. Robert Hoagland.

# FOREMAN-ARBLASTER CEREMONY ON FRIDAY

Quietly but impressively celebrated was the marriage of Miss Janet Foreman and Sgt. William C. Arblaster, which took place Friday evening, July 3, in the parsonage of St. Andrew's Episcopal church, Paul street.

The Episcopal service was read by the rector, Rev. Charles J. Burton, who used the simple ring service in the presence of Mrs. Charles J. Burton and Ralph R. White. The vows being exchanged at 7:45 o'clock.

For her marriage, the bride was most attractive in a pouf blue crepe street length dress with a white taffeta Hollywood hat. Her accessories were white and her shoulder corsage was made up of a single gardenia and pink rosebuds.

Following an informal reception for a gathering of friends was held at the home of Mr. and Mrs. W. L. Patterson of East Washington street extension, appointments being in keeping with the occasion. Later, the bride and groom left by motor for Wingate, North Carolina, where they will take up residence.

The bride, daughter of Mr. and Mrs. John Foreman of Orlando avenue, R. D. 3, has been employed with the local Bell Telephone company as an operator. Sergeant Arblaster, son of Mrs. Katherine Arblaster of 110 South Crawford avenue, who is stationed at Camp Sutton, North Carolina, with the United States Army, resumed his duties there Sunday evening after a few days leave spent here.

**Stickel Reunion**  
Descendants of Samuel and Matilda Stickel will hold a reunion July 26 at Cascade Park.

# PITTSBURGH NEWS OF INTEREST LOCALLY

News of interest locally has been received, telling of the engagement of Miss Agnes Stroyne, daughter of Mr. and Mrs. William J. Stroyne, of Fleming avenue, Pittsburgh, and James Loyal Patterson, also of Pittsburgh, and formerly of this city.

Mr. Patterson is the son of the late James C. and Grace Leslie Patterson, who resided here.

Both the prospective bridegroom and the bride-elect are well known in this locality.

# SHILTON BIBLE CLASS TO SEW AT HOSPITAL

Members of the Shilton Bible class of the First Christian church will meet Wednesday at the Jameson Memorial hospital and continue with the sewing of garments and articles for use in the institution. Mrs. L. B. Cavlin is president of the organization.

The usual hours, 9 until 12 o'clock, will be observed.

**McDowell-Walker**  
Miss Margaret Osborne McDowell, daughter of Mr. and Mrs. Harry Bleakley McDowell, of East State street, Sharon, became the bride of Ensign Paul Beverly Walker, U. S. N. R., son of Mrs. Frank G. Walker, of Bryson street, Youngstown, in the First Presbyterian church of Sharon at 3:45 o'clock Friday afternoon, July 3, Dr. William L. Wishart, pastor of the church, officiated at an open church wedding.

The bride wore a Chantilly lace wedding gown that was worn by her sisters, Mrs. George Sessions Warren, Jr., and Mrs. William Bly Marshall, for their weddings.

A reception at the Sharon Community club followed the church service.

The couple are now on a trip to Boston, Mass., and other eastern points. Their future plans are indefinite.

Mrs. Walker is a graduate of Sharon high school and the Ogontz school. Ensign Walker attended Washington and Jefferson and Williams colleges and received his degree at Youngstown college.

**V. F. W. Auxiliary**  
Members of the Veterans of Foreign Wars Auxiliary No. 522, met Thursday evening in their home on Grant street. Reports from the department encampment, held at Uniontown were heard.

This group has started a bomber fund and is assisting with U. S. O. work, making kits for draftees.

A social meeting for members and friends is planned for July 30 with Mrs. Lillian Fleming and Mrs. Tempa Stickle as chairmen in charge. The next regular meeting will be held August 6.

**L. O. L. No. 129**  
L. O. L. No. 129 members gathered recently for their business meeting and social hour in the Neshannock avenue meetings rooms. Prizes were awarded to card winners and later lunch was served.

On July 17 another social and business meeting will be held.

# SILVER ANNIVERSARY AT O. L. MURPHY HOME

Mr. and Mrs. O. L. Murphy, of Huron avenue, celebrated their silver wedding anniversary at their home on Friday, July 3, by receiving friends, relatives and neighbors informally at a reception, with upwards of 200 participating.

Launching the day, mass was celebrated at eight o'clock in the morning, at St. Mary's church. At noon a family dinner was served at their residence, and from two to four guests called to extend congratulations. During the evening they received from seven o'clock on. A buffet lunch was served from tables attractively appointed with the anniversary motif. Pouring were Mrs. Alice Powell and Miss Edith Nene.

Many lovely gifts appropriate to the occasion were received by Mr. and Mrs. Murphy, in addition to many messages and telegrams conveying greetings, which made the day most complete.

Out-of-town guests were Mr. and Mrs. J. D. Murphy of Des Moines, Ia.; Mr. and Mrs. Don Hughes of Saxonburg; Mr. and Mrs. Earl Murphy and Mrs. Kathryn Daly, of East Liverpool, O.; Mr. and Mrs. Percy Lutton of Ellwood City; Mr. and Mrs. Clarence Ward of East Palestine, O.; Mr. and Mrs. Howard Bassett of Sharon; Mrs. Charles Farrell of Barberton, O.; and Mrs. E. F. Ryan of Detroit, Mich.

**Shower For Bride**  
Mrs. Charles Bowman (formerly Miss Charlotte Clayton), a bride of the past winter, was entertained at a miscellaneous shower party Thursday afternoon when Mrs. Matthew Myers and Mrs. Joseph Kurler, both of Bessemer, were hostesses at Mrs. Myers' home, South Main street.

In the games contests in which the guests engaged during the afternoon, the guest of honor won high prize, Mrs. Samuel McKinney the consolation prize.

Later, delicious refreshments were served, after which Mrs. Bowman opened the gifts presented to her.

The bride's husband is stationed at Sebring, Fla., with the U. S. Army Air Corps.

**Fourth Of July Party**  
Mr. and Mrs. C. E. Hilyard of the Old Pittsburgh road entertained a party of friends at their home on the Fourth of July for dinner, followed by an evening of music.

Group singing and a number of selections played by a string quartet were enjoyed by the guests. Playing in the quartet were Mrs. Gladys Whitacre, Mildred and Myrna Kelly, and J. C. Boles, accompanied by Mrs. Margaret Young.

Out-of-town guests were Rev. and Mrs. Paul J. Tai and Mrs. S. Campbell of Cleveland, O.

Mrs. Hilyard was aided by Mrs. J. C. Boles and Mrs. Lee Whitacre.

**Missionary Meeting**  
Members of the Women's Missionary society, Central Presbyterian church, met in the home of Mrs. Theresa Guldoo, Dean block, Friday afternoon. Mrs. W. J. Holmes had charge of the meeting and spoke on the subject, "Tithing".

Refreshments were served by the hostess and co-hostess, Mrs. Marjorie Winger, Mrs. Viola Evans and Mrs. Oscar Rhodes.

Next meeting will be the first Friday of August.

**Taylor Reunion**  
Twenty-fourth annual reunion of the descendants of Samuel and Rachel Barnes Taylor was held July 4 at the home of Mr. and Mrs. Elmer Baird, near Lowellville, O.

After the noon dinner a short business meeting was held, at which officers were re-elected: president, Elmer Baird; vice president, Elmer Armstrong; secretary, Naomi Raney; treasurer, Francis Martin.

# ROPER-STEINBRINK WEDDING TAKES PLACE

The marriage of Miss Jeanne Avis Roper, daughter of Mr. and Mrs. Hal F. Roper of DuShane street, and Jack Gaylord Steinbrink, son of Mr. and Mrs. Harvey E. Steinbrink, Warren avenue, took place on Thursday, July 2, at Butler, Pa., in the Evangelical Lutheran church.

The vows were exchanged at 4 o'clock in the afternoon, with the Rev. E. Schump, pastor, officiating.

For her marriage, the bride was attired in a beige dress and brown accessories. Her shoulder bouquet was made up of roses and gardenias. As maid of honor, Miss Martha Allen of this city wore a pouf blue crepe dress, street length with white accoutrements. Her shoulder corsage was red and white roses.

Richard Wilkinson of New Castle, served as best man.

The single ring service was used in the presence of Mrs. Robert Lehman of Wilkes-Barre, Pa., Miss Wanda Kochanski of New Castle.

A wedding dinner was served afterwards at a suburban tea room.

The bride is employed at Neimans Brothers store here, and the bridegroom is associated with the Frank Wimer Transfer Co.

Dispensing with a wedding trip for the present, Mr. and Mrs. Steinbrink have taken up residence at 330 Neshannock avenue.

### FLYING TIGERS WILL STILL FIGHT

NO more splendid record has been made in this war than that of the American Volunteer Group of American fighting pilots in China—the Flying Tigers of Brigadier General C. L. Chennault's justly famous command.

Often, and perhaps most of the time, they have fought with poor equipment. But they have written a stirring saga of heroism coupled with dashing efficiency.

Now this group, as such, is to disappear from the scene, to become part of an expanded American Air Force, including both fighting and bombing squadrons, all under General Chennault's command.

At the same time China has every reason to rejoice in the change because it means the creation of a far larger and more adequate air force, which may be counted upon confidently to produce even more notable results under Chennault's brand of leadership.

### MILITARY TRIAL FOR SABOTEURS

Establishment by President Roosevelt of a military commission to try the eight German agents who were landed from submarines, with orders to sabotage key points and facilities, is a guarantee of stern action in a case that undoubtedly is being watched with vast interest by Nazis everywhere.

It prohibits trial in the civil courts, with all the delays, circumlocutions and avenues of appeal that would thereby have been open to the defendants.

Properly the case is to be treated as a military, not a civil matter. At the same time, the men are assured a full and fair trial, with military counsel and with the concurrence of at least two-thirds of the commission members required for convictions.

Four major-generals and three brigadier generals assigned to seats on the board, not to mention the personnel required for the prosecution and the defense, may seem to be diverting a great deal of military and legal talent from other war duties to handle the trial of eight enemy agents, who came here, by their own admission, to kill and destroy.

The main thing, however, is to get swift action, so as to leave in no Nazi mind any doubts as to our treatment of spies and saboteurs, and the military commission will probably waste no time in getting to the point of the agents' guilt or innocence.

### EACH OTHER'S LANGUAGE

A measure of the progress of hemisphere solidarity is contained in an order of the Mexican government that its soldiers must learn to speak English. The order no doubt gives expression to a realistic Mexican view that if it is a long war or strikes close to home, joint defense may be enhanced if Mexican soldados understand North American doughboys.

One legacy left by North American development of Mexican mineral and other resources is a generous sprinkling of ability to speak some English south of the Rio Grande. This is particularly true in the cities and mining and oil centers. A growing tourist trade, unhappily hampered for the duration, was spreading this knowledge.

This simple order can have far-reaching effects. It is not a long step from requiring soldiers to speak English to requiring the same for all government functionaries likely to come into contact with North Americans. And it is only a step farther to make the study of English a requirement in Mexican schools. This would do more to solidify the growing Mexican-United States rapprochement than any other single event.

The Mexican example is one which should be brought to the attention of all nations to the south. The knowledge of English is spreading through Central and South America, but not too rapidly. United States military missions in many Latin American countries should give the study of English an impetus. Common danger also is an incentive.

The study of Spanish has increased in American schools as there has been a drop in the study of German and French. Few Americans can speak Spanish, even in the Southwestern states bordering on Mexico. But it appears certain that English will be more nearly the universal language after this war than ever.

### BIG JOB LOOMS

Discouraging news has crowded the pages of the newspapers in recent days, and the spirits of the people are correspondingly depressed. The average person appears to be completely uncognizant of the fact that if there is to be an early Allied victory in the war, it must come as a result of Axis offensives that are turned into boomerangs. The Allies are not prepared to take the initiative in any other way.

In his report to Commons, Mr. Churchill made the broad statement that "the general strength of the United Nations has greatly improved" in 1942. He said that by reason of the "splendid achievements" of the American and other forces in the battles of the Coral Sea and Midway Island, the balance of naval power in the Pacific "has been definitely altered in our favor." Mr. Churchill spoke of the inability of Hitler to initiate a major offensive against Russia, although the summer is well advanced.

These are the brighter aspects of a situation which, considered in its entirety, must be accepted as dismal. Even while Mr. Churchill spoke the German armies were crashing forward in Russia and were claiming Sevastopol. Elsewhere on the Russian front the Nazis are stepping up their offensive.

These developments, distressing though they are, can be turned to advantage if Americans are realistic. They ought to put an end to the easy and complacent prophesying to which some Americans have been addicted. The Pacific victories of the Navy and the Air Corps were victories of defense. The enemy was prevented from making progress, but none was made by the Allies. In Europe and Africa the Allied forces have been able to hold their own.

To Americans the whole prospect becomes clearer, although not brighter. On every front, in every theater of war, on land and on the sea, the issue must be determined by the might of America. It is upon this country, whose weight has not as yet been thrown into the conflict that the responsibility for the attainment of victory lies. The American people must reconcile themselves to the necessity of traveling a long and rough road.

If that Florida bare canal is actually built, Passamaquoddy may demand a resurrection, too.

## The Parent Problem

By Garry C. Myers, Ph. D.

### PARENTS SOMETIMES UNTHINKING

OUR HUMAN frailties keep us from being as good parents as we ought to be. Without knowing it, we do many things to annoy our children and to destroy their personality.

The baby, long before he utters his first word, asks questions and interprets his environment by gestures and grunts. The efforts of the little child at expression, therefore, often seem quite strange to us. He appears to know so little, we so much. We are amused by his questions and remarks which to him are serious and are not meant to be funny. So to ridicule the helpless child makes us feel important and superior.

What savages some parents are! The mother who has never smiled at her child's mistakes ought to be lauded.

### Social Suffering

You and I may have suffered in some social situation, much as the child suffers when we laugh at his mistakes. At a party you observe an exchange of smiles between two persons following a remark of yours. You, indeed, may discover immediately what you said that made them smile. In that event you are overwhelmed. You wish you had kept quiet, and you resolve to be more careful when you speak again. The chances are, however, you won't know what caused their smile, except that it was something that you said or did. You feel that it must have been something stupid. So you go on worrying about yourself.

All evening you suffer and accuse yourself of having been foolish. You wish that you could quickly disappear. You have a constant dread lest you might again do something or say something to cause more ridicule. Next time you are at a similar gathering, next time you attempt to speak before anyone whom you don't know very well, you are going to be more cautious.

### Risk Of Laughter

To this day you and I often feel ourselves keeping very quiet, when to express an opinion, or to ask a question, would enlarge our wisdom wonderfully. We don't want to run the risk of being laughed at. So to be on our guard makes us feel inferior, makes us suffer, harms our personality.

We parents do not want our children to endure the needless pain we have endured, to have the fear

### LOST FACE

When peace again shall come to me  
And all the aches are mended;  
When war shall end and wrongs we mend  
With boundaries rightly laid;  
When hands we shake for friendship's sake  
In happier days than these.

As gentlemen, who'll trust again  
The wily Japanese?  
Men may restore their docks once more,  
Their shattered halls rebuild  
So works man's mind that it may find  
Some pride where blood was spilled.  
Men may forgive the while they live  
Their honest enemies,  
But never again will lands or men  
Believe the Japanese.

The tides of hate in time abate  
As men the terms adjust  
They can forget disasters met,  
But not a broken trust.  
Respect they'll show an upright foe  
And grant him courteousness,  
But world-wide round who will be found  
To trust the Japanese?  
All down the years their code appears:  
To fawn, to smile, to strike!  
Vile stratagem has branded them  
A people none can like.  
Foes may be friends, when warfare ends,  
But no "Excuse, Sir—please!"  
Will rate again, as gentlemen,  
The wily Japanese.

The Drottningholm is in with a fresh batch of aliens advertised as "evacuees."

Almost half of her more than 300 passengers were aliens.

Almost half of her first delivery of 500 "evacuees" were aliens.

That's a total of more than 700 aliens, many of them with a German background, dumped on us within a couple of months.

Meanwhile Lisbon still is full of genuine Americans trying to get home and who can't make it.

They are real "evacuees" but they can't get passage home on any kind of ship or plane.

But the Drottningholm comes in labeled a "diplomatic ship," protected from wartime on both sides by the label, and dumps aliens on us and a very few of them diplomats.

### A CHILDISH QUESTION

A young bride walked into a drug store and approached a clerk timidly.

"The baby tonic you advertise. Does it really make babies bigger and stronger?"

"We sell a lot of it and we've never had a complaint," replied the druggist.

"Well, I'll take a bottle," said the bride after a moment and went out. In five minutes she was back. She got the druggist into a corner and whispered:

"I forgot to ask about this baby tonic. Who takes it—me or my husband?"

It is claimed that golf is an old man's game. Just the same a lot of men never get old enough to play it.

We often hear the expression "We want to blast hell out of 'em." That will be just right.

How unfair is justice! Thieves live off at public expense, while honest men go out to fight and die.

### AN EXPERT

During the traffic rush, two speed cops, noticing a young woman who was driving dangerously, shot ahead of her and drew up her car broadside, so that the culprit had to stop.

"Excuse me young lady," said one of the officers, sarcastically, "do you know anything about driving a car?"  
"Of course," said the bright young thing. "What's your trouble?"

### NOW REALLY

At a newspaper men's convention the famous editor, "Marse" Henry Watterson, once related the most amusing typographical error he had ever seen.

A New York newspaper used to print its shipping news on the same page as the obituaries. One morning the readers found two of the captions exchanged, resulting in a long list of respectable names being set forth under the marine heading: "Passed Through Hell Gate Yesterday."

"I want some grapes for my sick husband. Do you know if any poison has been sprayed on these you have?"  
"No, mum; you'll have to get that at the druggist's."

The boatsman assented and charged the countryman a quarter.

A few hours later the visitor returned to the shore again after a tour round town. By now the tide had gone out, and the man gazed open-mouthed at the spectacle.

"By cracky, mister," he said, "you've done a good trade today."

Production may be over the hump, as Nelson says, but we've still got to hump ourselves.

It was hot. And the young book salesman hadn't found any buyers all morning. He knocked, and the door was opened by a grumpy-looking woman. However, he asked pleasantly: Have you Charles Dickens in your house?

"No," snapped the woman.

"Or Robert Louis Stevenson. Or Walter Scott?" he continued, hope dawning in his eyes.

"No, we ain't," said the woman. "And what's more I don't take in defense workers. Try next door—they do."

Anyhow, all the big boys in Europe come to this country for information—or slumming.

### ANTIQUE FURNITURE

"I love antique furniture," he cannot afford to buy originals. Very shortly, I am to be married and will completely furnish my new home. Do you think reproductions of antiques would be in good taste for my new home? I am especially fond of Duncan Phyfe and Chippendale."

Answer: Indeed, yes, choose your reproductions. You cannot go wrong in your selection of Duncan Phyfe and Chippendale, whose styles along with the other celebrated 18th Century designers are ideal for modern homes and apartments. Duncan Phyfe reproductions are especially popular at present.

None but the immensely wealthy can buy genuine antique masterpieces, and none but a fortunate few inherit them from remote ancestors. So we antique lovers of modest circumstances must resort to reproductions, which, if designed by skilled cabinetmakers who understand the technique of preserving the proportions and lines of old furniture, will give some of the charm of genuine pieces.

Of course, you must know the characteristics of the originals to be able to judge a good reproduction.

Question: Where should the guest-of-honor and the hostess sit at a dinner party? In what position at the table?

Answer: The woman guest-of-honor should sit to the right of the host, the male guest-of-honor should sit to the right of the hostess. The hostess should sit at the end of the table, opposite the host.

### LIFE'S LITTLE AGONIES

A countryman, having his first visit to the seaside, was struck by the vast expanse of water. Turning to the ancient boatman, he said:

The boatsman assented and charged the countryman a quarter.

A few hours later the visitor returned to the shore again after a tour round town. By now the tide had gone out, and the man gazed open-mouthed at the spectacle.

## What's What At A Glance

Congressional Campaigns Move Slowly  
Democrats Haven't Much To Crow Over  
Republicans Cannot Be Over-Critical

By CHARLES P. STEWART  
Central Press Columnist

WASHINGTON, July 6.—Campaigning for seats in the senate and house of representatives at the coming congressional election is exceedingly slow in warming up this year.

It might have been expected that the war would make it especially gingers, but it appears to have had the opposite effect. If the conflict had been progressing highly satisfactorily from the standpoint of the democracies, including our own, the Democrats undoubtedly would be ballyhooing our successes, but they can't very well do so in the face of the present situation. The Republicans, of the opposite hand, can afford to be overly critical lest they give an impression of opposing the administration in the midst of a great national emergency at a time when its every good citizen's duty to give it his fullest support regardless of party considerations.

For the G. O. P. to win enough seats to give it a senate majority is of course impossible, since the senators are elected only one-third at a time and the Democrats have so wide an existing numerical superiority that they still have a small one even if the Republicans triumphed in every 1942 contest, which they will be far from doing, naturally. They'll be heartily gratified if they score three or four victories, and corresponding gains to their own alignment of today will fully suit the Democrats.

### Small Turnover Likely

The representatives being chosen all at once, the lower house can be flopped, theoretically, although that would involve an enormous and highly improbable turnover.

The Democrats would appreciate, say, half a dozen representative additions, as a popular expression of confidence, and that many on their side would pretty well satisfy the Republicans, too, just as a token to them. The fact is that I don't think the G. O. P. would like control of the representatives' chamber at this juncture; it would force them into the position of an opposition party. That's a role they can't afford to be identified with, no matter how the war develops. If we pick up and come out all right, they'd be accused of having delayed the happy outcome and, in the event of the other unbelievable sequel, they'd be blamed for it.

The anti-administration element does make a modicum of capital out of the charge that the New Dealers, by over-concentrating upon economic policies, neglected preparations for national defense, and that that neglect's what we're paying for now. It's a point that it's premature to argue as yet, though.

Now, I'm discussing what party leaders say in Washington, where such matters are discussed discreetly. Actual candidates, out on the so-called hustings, perhaps are more outspoken. A party leader looks on into the future. A candidate's first thought is to be elected in November—not for 1944 or some such time.

It seems that the candidates are concentrating mostly on the taxes the public'll have to be paying in 1943 and subsequently. Suppose one of 'em is a Republican, appealing to the voters, as an opponent of some Democratic lawmaker who's just his taler for the levers Washington's legislation at the moment. Those voters'll be precisely beginning.

(International News Service)  
NEW YORK, July 6.—A November Bennett-Dewey battle of ballots with the prized New York gubernatorial chair going to the victor loomed today as the Tuesday deadlines for filing nominating petitions for party candidates neared.

Veteran political observers saw little in 11th hour moves which might keep Attorney General John J. Bennett, Jr., from the Democratic designation for governor—and Republican experts freely predicted the nomination of Thomas E. Dewey as that party's candidate on the first ballot.

Bennett, they pointed out, already has the support of at least two-thirds of the 1,014 delegates to the convention scheduled late this summer.

Dewey is in an even stronger position. More than 1200 of the 1,680 delegates to the Republican state convention, already are pledged to him.

## Blackout Lights Are Easily Made

Penn State Professor Tells  
How To Make Flashlights  
For Blackout Use

(Special To The News)

STATE COLLEGE, Pa., July 6.—Advice on how to devise effective lights during blackouts was given today by D. L. Markle, professor of electrical engineering at the Pennsylvania State college, who has just completed laboratory tests of such lights.

"A blackout light for use both indoors and outdoors can be easily assembled," Professor Markle said. "Simply cover the glass of a two-cell flashlight of the non-focusing type, fitted with a 3.8 volt bulb, with two thicknesses of onion skin paper. This is the kind of lamp usually used with a three-cell type of flashlight."

"Covering the glass with onion skin lowers the intensity of the light by diffusion so that a pronounced bright spot does not exist. The intensity of illumination by this assembly is approximately two and a half times full moonlight on a surface two feet from the flashlight." Such light is favorable for seeing nearby but will not be easily detected from a distance, he pointed out. If used outdoors by pedestrians, the light will not be reflected from street surfaces in sufficient quantity to be seen from any considerable height.

"It must be remembered that no light source should be pointed upward, however," Professor Markle warned. "For use outdoors a visor made of cardboard tubing or other suitable material will provide additional safety from detection." Covering the glass of a flashlight with red nail polish or black paint is not effective, he added, since a bare spot on the glass, no matter

how small, will have the same intensity and visibility as the unprotected glass.

Professor Markle called attention to the fact that war department tests demonstrated that blue lights are more easily seen from the air and less useful on the ground than any other color. Even red, if improperly used, may betray the installation it is designed to conceal. In the majority of cases, they found, low intensity white light is more suitable for blackout illumination.

## The Parent Problem

of people that we have had. Let us, therefore, struggle with ourselves to see that we may learn to be so considerate of the feelings of the little child that no matter how funny anything he says may appear to us, we won't laugh at him. Let us try to build up personality in our children, not destroy it.

A selected list of books on personality and mental health may be had by writing me at 235 E. 45th street, New York City, enclosing a self-addressed envelope with a three-cent stamp on it.

**Solving Parent Problems**  
Q. We live on the corner of a very large unfenced yard. The street in front of the yard is a highway. I have tried training my 2-year-old daughter to stay in the back where I can watch her but she insists on running away.  
A. Let everything else go for about a week. Always be right by the child when she is out at play. Show her the tree, stone or other mark beyond which she must never go unguarded. The moment she crosses the line spank her. Never warn her; let her always get instant pain as she crosses the line.

## Twenty To Begin Air Corps Training

Will Study At Westminster And  
Use New Castle Airport  
For Flying

(Special To The News)

NEW WILMINGTON, July 6.—Ten Army men from Lawrence and Mercer counties and the Youngstown area are enrolled in the C. P. T. program which starts tomorrow at Westminster college here. Dean Maxwell R. Kelso, CAA coordinator announced today.

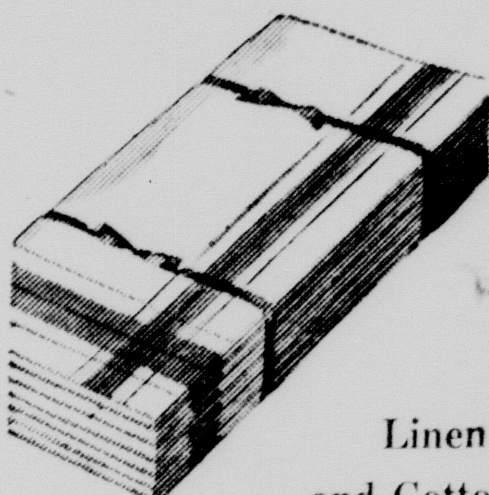

Also in the course are 10 men from the United States Navy who have been assigned to take their basic training for the air corps at Westminster college.

Before the group lies eight weeks of basic training at the college to be followed by advanced work at the regular Army and Navy flying centers. The Army men will be trained as service pilots—the soldiers who fly gliders, transport and service planes, and serve as instructors.

At Westminster they will live in Hillside, men's dormitory, and spend their mornings taking such things as mathematics, physics, meteorology, navigation, radio code, and military science and discipline. In the afternoons they will travel to the New Castle airport for actual flight instruction. They will be under military discipline during their eight weeks' stay at Westminster. The college has purchased a station wagon to furnish transportation between campus and the airport.

There also has been plenty of talk to the purport that our current congress consists of a lot of rubber stamp members, who've done just as they're told—and look at Pearl Harbor and the Aleutians and Axis submarines off our Atlantic coast and the outlook in Egypt and on the Russian front and in China!

And now we're footing the bill for it! That'll be the candidate's story.

## Flier Is Killed In Beaver County

(International News Service)

PITTSBURGH, July 6.—Army officials were investigating the crash of a low wing BT-13 army training airplane today after the ship had crashed into a hillside at the Conaway airport, Beaver county, killing Lieut. Michael Majcher, 26, of Ambbridge.

Officials at the airport said they heard the sputtering of the motor as the plane circled the field and then saw the ship dive into the hillside. Before they could reach the scene the plane was a mass of flames.

Lieut. Majcher, an instructor at Emid Field, Okla., after earning his wings last February, was en route to his station after a brief furlough with his parents, officials at the airport stated.

The Navy knows best, but why not keep a few fighters above a carrier to ward off bombers while our own are blasting enemy carriers?

## CARBONE-SUFFOCK WEDDING PERFORMED

Miss Minnie Carbone, daughter of Mr. and Mrs. Tony Carbone of R. D. 1, Edenburg, and Raymond Suffock, son of Mrs. A. Suffock, Struthers, O., were united in marriage Thursday morning, the ceremony being performed in St. Joseph's rectory. The Rev. Fr. Francis C. Streiff officiated at the ceremony, using the single ring ceremony.

For her wedding the bride chose a white velveteen gown, made princess style. Her fingertip veil was caught with a crown of seed pearls, and she carried an arm bouquet of lilies. A string of pearls was her only jewelry.

Miss Margaret Carbone was her sister's maid of honor, and wore a pink satin gown with blue accessories. She carried a bouquet of roses.

Alvin Suffock was his brother's best man.

Following the ceremony a dinner was served at the home of the bride's parents for 100 persons, where in the evening a reception was held.

Mr. and Mrs. Suffock departed for a wedding trip to Columbus, O., and upon their return will reside at Struthers, O.

Mrs. Suffock is a graduate of the Union High school and was employed as beauty operator in this city. Mr. Suffock, a graduate of Struthers High school, is employed at the Youngstown Sheet and Tube company.

Special guests attending the wedding included: Pvt. Raymond Callern of Camp Chaffee, Ark., Frank Lorenzo, Mr. and Mrs. Carmen Yorenko and Thomas Vitale of Webster, Pa.; Mrs. A. Ventresca and Mrs. B. Dielisi of Pittsburgh and Edward Osburg of Louisville, O.

## DITHOMAS-ROUZZO WEDDING IN CHURCH

Before an altar beautifully decorated in St. Lucy's church, Miss Elvira Dithomas, daughter of Joe Dithomas, of 104 South Cedar street, became the bride of Domenic Rouzzo, son of Mrs. Jennie Rouzzo, of 20 North Wayne street, Saturday morning.

The Rev. Fr. Sebastian Ippolito, pastor of the church, officiated at 10 o'clock, using the single ring ceremony.

The bride was given in marriage by her father, and was lovely in a princess style gown of white velveteen with white marquisette. Her long tulle veil was caught with a crown of seed pearls, and she carried a bouquet of white orchids and roses. As her only jewelry she wore a gold cross, a gift from the bridegroom.

Miss Rose Littler, as maid of honor, wore a gown of blue marquisette with white velveteen flowers, and white accessories. She carried an arm bouquet of red roses. Louis Castucci served the bridegroom as best man.

Supplementing the ceremony, a breakfast was served at the Rouzzo residence, and at noon, the wedding dinner was enjoyed at a suburban dining room on the New Wilmington road.

Mr. and Mrs. Rouzzo departed on a wedding trip to Cleveland, and upon their return will reside on South Cedar street.

Both Mr. and Mrs. Rouzzo are graduates of the January class of '39, from our local high school. Mrs. Rouzzo was formerly employed at the Shenango Pottery company. Mr. Rouzzo is affiliated at the Shenango Pottery company.

## Navy Fire Fighters in Action on Beached Tanker

Members of the U. S. Navy's fire fighter school were given an opportunity to put into practice what they learned in study sessions when fire broke out recently on this tanker during salvage operations. They are pictured battling the blaze which they doused in about ninety minutes. The ship was being salvaged by the navy after she had hit a mine off the Virginia coast and was beached. This is a photograph.

ARMY USES POWDER PUFF  
(International News Service)  
RANDOLPH FIELD, Tex.—If American women ever face a powder puff shortage, they can attribute the situation—in part at least—to the U. S. Army Air Corps aviation cadets.  
Thousands of fluffy powder puffs with near circular holes cut in the center, are used as padding on pilots' radio headsets. They relieve pressure on cadet ears during long hours aloft and exclude noise from plane motors.

## MOSCOW ADMITS WEDGE IS DRIVEN INTO SOVIET LINES

(Continued From Page One)

closed near Voronezh, vital rail junction 130 miles east of Kursk. Voronezh is to the east of the Don River, which the Nazis claimed to have reached along a broad front.

**No Details By Red Army**

No details were given in the noon communiqué of the Red army high command which said merely that "on the night of the fifth the Soviets fought engagements in the Kursk, Belgorod and Velichansk directions." On other sectors, it was added, there were no material changes.

The intensity of the German attacks around Kursk was indicated by the concentration of four Nazi panzer divisions, two motorized divisions and five infantry divisions in the sector.

Soviet sources admitted minor enemy advances in several areas of the wide front extending almost from Kursk to Kharkov, but the Germans were obliged to pay a high price as the Red armies yielded ground inch by inch only after bitter fighting.

**Huge German Losses**  
German losses in the battle were declared to be mounting to unparalleled figures, the Soviet newspaper Pravda asserting that the Nazis had been obliged "to bring up more reserves to serve as cannon fodder in an effort to break through."

The vast battle raging without pause appeared now to be one in which time is the one single factor of importance. Soviet forces again seemed to be concentrating their efforts to win delay—delay which would permit their Allies to come to the relief of Russia by opening a second front in western Europe.

On the other hand the Germans appeared to be throwing everything they had into the attempt to win through and end Soviet resistance once and for all by the destruction of the Red army.

The Nazis poured tanks, planes and men into the offensive with a prodigious hand, attacking with utter lack of regard for casualties, according to one dispatch.

In order to maintain constant pressure against the Russians, the Germans were reported rushing reserve units into the battle lines to replace shock troops as fast as they were cut to pieces.

**Claim Rail Line Cut**  
London, July 6.—German Field Marshal Gerd von Bock's armies in the Ukraine have cut the vital Moscow-Rostov railway, the Vichy news agency said today, according to Reuters.

The Vichy dispatch reported that the rail junction on Voronezh, 140 miles east of Kursk, "probably has fallen."

At the same time, the German news agency DNB broadcast a claim that Nazi troops have crossed the Don River at several points and formed a bridgehead.

The railway mentioned by the Vichy agency is an important lateral communication linking the armies of Marshal Semyon Timoshenko with those of General Grigori Zhukov around Moscow.

**German Report**  
Berlin, July 6.—(By Official German Wire)—Operations in the southern sector of the Russian front are proceeding according to plan, the German high command claimed, with a number of Soviet units encircled west of the Don River.

Russian attacks on this front and north of Orel were said to have collapsed with heavy enemy losses.

Three German planes were lost yesterday, while 127 Soviet machines were shot down, it was claimed.

In North Africa, fighting was said to be continuing around El Alamein, while new air raids on Alexandria, Port Said and Malta were reported. Large fires broke out at an air-drome on Malta, it was claimed.

**NEW WELDING IDEA**  
(International News Service)  
CLEVELAND—Supporting the theory that war aids industrial progress, the Lincoln Electric company has announced a new procedure in fillet welding recently developed by company engineers.

Warship production has been speeded up by the process and work requiring four years to complete can now be done in two and one-half years.

**IT'S BATWOMEN NOW**  
(International News Service)  
LONDON—Batwomen have been introduced into some units of the British Army. It is intended that all officers' messengers, except fighting troops in active theaters of war, shall be replaced by women.

## Getting Ready for Raid on Japs

A couple of United Nations fliers stand beneath the bomb bay of a U. S. bomber on a new air field in New Guinea and write a personal inscription to the Japs. Pilot officer Edward T. Mobey, of Australia, watches Lieut. Ralph L. Schmidt, of Greenville, Ill., sign his name on a 100 pound bomb soon to be dropped on a Jap base. Their new base is one of many looked upon as a vital link in the Pacific offense system.

## BRITISH DRIVE NAZIS BACK IN BATTLE IN EGYPT

(Continued From Page One)

to carry out heavy bombings against enemy troop concentrations in the battle area.

Six additional Axis planes were destroyed, bringing the three-day toll of enemy aircraft to a total of 48.

Many other Axis planes were severely damaged in raids on Rommel's airbases. In the vicinity of El Daba at least 14 were badly smashed. Six British planes were lost in the assaults.

**Communique Report**  
The communique of the Middle East high command revealed that heavy fighting continued throughout Sunday along the British defense lines.

"The battle at El Alamein continued Sunday," the communique said.

"Our land and air forces attacked the enemy throughout the day. In one sector our troops' attacks drove the enemy from a strong point, inflicting heavy casualties. Our losses were slight."

"The R. A. F. and S. A. A. F. again successfully bombed enemy concentrations in the battle area, shot down six enemy planes and damaged many others. In attacks on landing grounds in the El Daba area at least 14 enemy craft were damaged on the ground. Six of ours failed to return."

British Gen. Sir Claude Auchinleck was steadily whittling down the striking power of the Germans and Italians through a series of land counter-attacks and heavy aerial bombardments.

After stopping cold Rommel's rapid eastward advance toward Alexandria and forcing him to retreat following two unsuccessful stormings of El Alamein, the British pushed the Axis forces from strategic positions on El Ruweisat ridge to the south to remove immediate threats to Alexandria and the Nile valley.

Rommel had hoped to use the ridge as a jumping off place for a new attempt at a forward drive on the British defense line running southward from El Alamein on the Mediterranean coast to the edge of the salt marshes of the Qattara depression.

**First Rush Halted**  
Dispatches from field headquarters of the Eighth Army said that the new British successes had flattened the bulge which the Axis had forced into the defense lines south of El Alamein, causing the enemy's first large-scale assault to smash into the Nile delta to end with failure.

More than 1,000 troops of Rommel's spearhead surrendered when the British cut them off.

The remainder of Rommel's forces

now are being subjected to counter-attacks steadily increasing in intensity. The British blows are taking the initiative away from Rommel who has been held in check at El Alamein for five days. For 10 days prior his mechanized legions had advanced an average of 35 miles daily.

British naval aircraft joined with the Royal Air Force and United States Army Air Corps fliers in further intensifying the heavy aerial activity against Axis troop concentrations, transport columns and supply bases.

**Nazi Motor Vehicles Wrecked**  
Hundreds of German motor vehicles were wrecked in a devastating joint naval and Royal Air Force assault on enemy equipment south of El Alamein. The main target of the strong aerial blow was an Axis encampment containing some 3,500 vehicles. Scores were reduced to wreckage and others left in flames.

It was revealed that naval fliers for the past 10 days have been co-operating with the R. A. F. American fliers and South African Air Force pilots in bombarding transport columns.

"The Budapest newspaper Magyarorszag, according to the Budapest radio, quoted a Berlin report stating Axis troops engaged United States soldiers for the first time in the El Alamein area. There was no confirmation from any reliable source."

Although the British have not begun what could be termed a general counter-offensive or enveloping movement the Axis tide has been stopped and Rommel's army has been seriously weakened.

As General Auchinleck increased the intensity of his counter-blows more new tanks, including the American-made General Grants and General Lees, streamed up to the front to reinforce the Eighth Army.

**Marines Get Send-Off As They Leave City**

First Departure In Month Leaves 34 Still Waiting Pittsburgh 'O. K.'

Nine Marine recruits left the city this morning in the first Marine leave-taking this month. Thirty-four other men are ready and waiting but must wait until over-crowded conditions in the Pittsburgh recruiting office are alleviated. Sergeant John L. Dean, head of New Castle Marine recruiter, announced.

The send-off was arranged by the Service Men's Aid Association and was brightened by the presence of the special band under the capable direction of Miss Christina Giancotti.

Bidding the recruits "Godspeed" was Rev. J. J. McIlwaine of the First Presbyterian church. As usual, gifts were given to the recruits by the Service Men's Aid Association.

Among the men who left was Frank D. McCreary, an ex-postal clerk, R. D. 6, Butler road, who enlisted for special guard duty on the West Coast. He will be sent to San Diego, Cal., for training and will assume his duties shortly.

The other men were John H. Mercer, 111 South Market street, New Wilmington; Steve Kuznac, Box 497 Ellwood City; Francis B. Carlson, 20 E. First street, Oil City; Arthur A. Snow, Jr., 206 W. First street, Oil City.

Robert C. Fesenmyer, E. Sixth street, Oil City; Alex Simon, R. F. D. 2, Ellwood City; Donald R. Barr, 321 Home avenue, Oil City; and James E. Barr, 145 Crawford avenue, Oil City.

**JAP NEW GUINEA BASES ARE BOMBED**

(Continued From Page One)

attacks against the United Nations advanced base at Port Moresby, causing light damage and some casualties.

The communique announcing the heavy raids on Lae and Salamaua said:

"Our air force continued its series of heavy attacks on enemy installations. Large fires were observed at various points in the target area."

"One enemy fighter was shot down and four others damaged."

In the night assault against Timor, the part-Dutch, part-Portuguese island off northwestern Australia, the Allied fliers struck at Japanese-occupied buildings at Atamboca. All of the buildings returned safely to their base.

The harbor of Tulagi, on Florida island in the Solomon group, also was targeted by the United Nations airmen. A light night bombing was carried out against Haleta Township.

**Japs Bomb Port Moresby**  
The Japanese bombing of Port Moresby was carried out in two waves. In the first, 20 bombers and six Naval fighter planes took part in an assault on the air-drome. Later, seven more bombers came over in the second wave, causing light damage and some casualties resulted.

The day before the Japanese made two attacks against Port Moresby. One was a night foray in which only two planes made a unsuccessful night raid on the air-drome. During the day 20 Zeros were intercepted when they tried to carry out a morning attack. Allied fighter planes which rose to meet the raiders shot down one Jap craft and damaged three others. Three of the United Nations planes were lost.

At the same time Allied airmen made two heavy attacks on Lae and Salamaua, one at night and the other during the day. Runways, aircraft disposal pens and buildings were blasted by direct hits in the target areas. Five Jap interceptor planes were shot down and three others hit and probably destroyed. Only one United Nations plane was lost when it was smashed in collision with a Jap plane.

## Honor Court Ends First Camp Week Of County Scouts

Troop 2 Shows Up Best In  
Opening Week Program  
Along Slippery Rock

Lawrence County Boy Scout camp, formerly Camp Phillips, staged a court of honor Saturday night to conclude activities of its first week of the summer camping program. Parents of scouts were in attendance.

Troop 2 of the camp organization, called the "butter fingers," has been most successful in the various activities of the week. They won the baseball and basketball championships as well as the track meet and water carnival. The "Fighting Irish" of Troop 3 won the volleyball championship. Individual champions were: Ping-pong, Jack Desport; horseshoes, Jack Desport; and basketball four shooting, Phil Starr. The high point scorers in the track meet were: Don Yoho, 8; Arthur Murphy, 7; Ray Connor, 5; Jack Desport, 5; Richard Wynn, 4; Bud Bark, 4; Jim Burns, 4; and Phil Starr, 4.

In addition to the major contests the scouts have enjoyed fire building, log chopping, compass, marksmanship and egg frying games. The waterfront has been busy every day with life saving and swimming tests as well as teaching non-swimmers the first fundamentals of the art. The following boys who came to camp non-swimmers are going home as swimmers: Richard Wynn, Raymond Duncan, James Anthony, Ted Myers, James McClymonds, Bill Nelson and Francis St. Johns. A highlight of the week's program was a visit by Mr. Zubrod and Miss Margaret F. Bodenstein with a company of Red Cross officials. Mr. Zubrod, with the aid of Jerry Cartwright as the victim, gave a very interesting and valuable demonstration and lecture on the art of swimming and safety principles relative to water sports. The scouts were particularly interested in his skillful canoe work and graceful diving. Miss Bodenstein closed the program with a short talk on red cross safety and she agreeably surprised the scouts by presenting the camp with a Red Cross life saving ring buoy.

## Scrap Rubber Drive To End On Friday

Collection Being Speeded—  
Two New Salvage Camps  
Planned

By PHILLIPS J. PECK

WASHINGTON, July 6.—On the heels of the fast-fading rubber drive, Uncle Sam reached into the American home with two new salvage campaigns today—one to collect tin cans, the other to gather household fats and oils.

In the next 12 months, the war production board's bureau of industrial conservation hopes to obtain 500,000 tons of tin cans and more than 500,000,000 pounds of wasted cooking fats from the housewife's kitchen.

The nation-wide scrap rubber campaign, which brought forth 219,000 tons of rubber in the first two weeks, closes at midnight next Friday. With considerable improvement reported in contributions from the heavily populated East Coast area, officials hope to pass the 300,000 tons mark.

Petroleum industry war council representatives announced over the week-end that the flow of scrap rubber already had started from collection depots and oil company bulk plants to the reclaiming factories and government warehouses.

Chairman of the council, William R. Boyd Jr., appealed to the public to redouble its effort in collecting rubber to "build the nation's stockpile high enough to assure us victory."

Boyd also urged a half-day holiday for everyone except war workers to speed the drive.

## Sugar Rush Enters Fifth Week Today

Five weeks ago the sugar ration board opened its doors to take care of all who wanted sugar for canning. There was a huge crowd that day—there still is a large crowd today. "We are still trying to figure where all the people are coming from," Attorney William J. Caldwell puzzled this morning. "We had expected a rush for a week at the most but to be still jammed after a whole month of rationing is amazing."

Three volunteers appeared this morning and their assistance was invaluable. "The work of the volunteers right along has been heartening," said Caldwell. "I don't know what we would have done without them." He asked that anyone who had some spare time they could give to the rationing board to do so.

## Camp Rentz Opens To Capacity Crowd

Filled to capacity and with a waiting list, Camp Fred L. Rentz, the New Castle Y.M.C.A. boy's camp, opened this morning its twenty-first season on the banks of the Slippery Rock. Eighty boys began the first week of camping under the direction of William Winter and his capable assistants.

Camp Rentz will be open for five weeks this year. The first three weeks were filled long ago, but it was announced this morning that there were still a few places for boys in the last two weeks.

## McCormick Serious After Span Crash In Buffalo District

Former WPA Engineer Here  
Hurt When New Bridge  
Arch Collapses

Lloyd C. McCormick, former high engineering department official of the Works Projects Administration in this district, today is in serious condition in a Buffalo district hospital as a result of a bridge collapse in that area.

McCormick, 38, was performing his duties as a Pennsylvania railroad bridge inspector when part of a new span being erected for the Pennsylvania, across Eighteen-Mile creek at North Evans, crashed into the creek bed.

Word received here is that McCormick has a possible skull fracture, fractures of both legs and chest and face injuries.

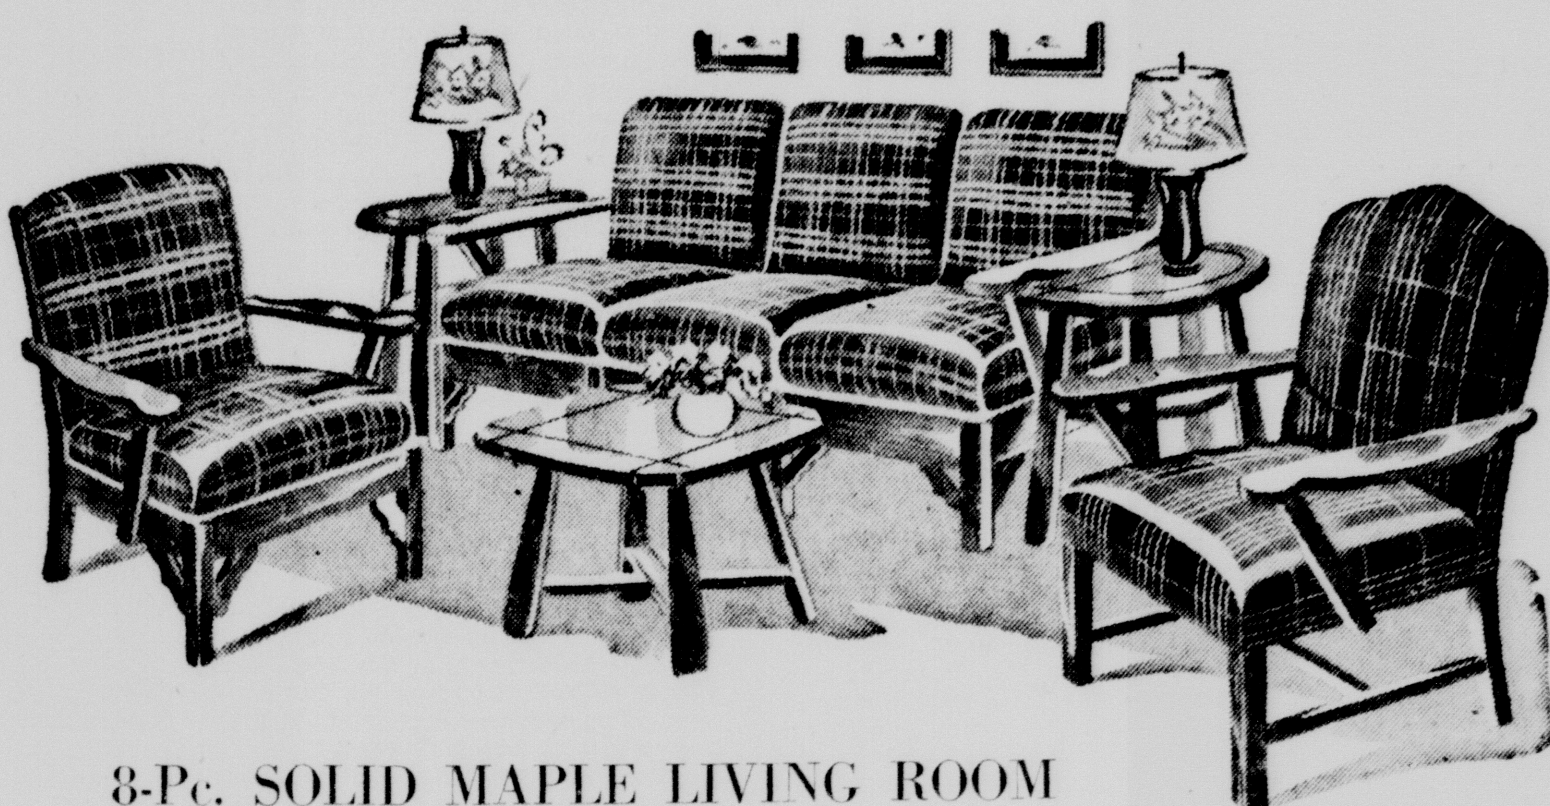

The accident Friday evening at 7 o'clock took the life of L. W. Russell, 50, president of the construction firm in charge of the job, and injured five others beside McCormick.

McCormick's wife, Mrs. Charlotte McCormick, daughter of Mr. and Mrs. O. A. Rodgers, 1306 Delaware avenue, hastened to the hospital near Buffalo, immediately after the accident. She is with him today.

According to Buffalo newspapers, the collapse came when a 40-foot arch under construction weak-

# Japan Will Be Crushed President Promises China

## Sends Message On Anniversary

Five Years Ago Japan Launched Attack Upon Chinese Nation

U. S. TO FIGHT TO END TOKYO'S POWER

By GEORGE DURNO  
(U. S. Staff Correspondent)  
WASHINGTON, July 6.—On the fifth anniversary of Japan's "most despicable attack" on China, President Roosevelt today cabled Generalissimo Chiang Kai-Shek a most solemn pledge that men of the United States and China will fight on as "brothers in arms" until the power of Tokyo in the Pacific is completely crushed.

"You, the people of China, and we, the people of the United States and United Nations," America's war leader assured the valiant military chief of Chungking, "will fight on together to victory, to the establishment of peace and justice and freedom throughout the world."

In the presidential cablegram also was an implied answer to China's urgent appeal for immediate assistance in the way of American fighting and bombing planes and heavy artillery.

"Increasingly," Mr. Roosevelt told Gen. Chiang Kai-Shek, "your arms and our arms will thrust back the enemy."

To Send Weapons

This inferred guarantee that fighting weapons from American industrial lines would be poured into beleaguered China came at a time when Chinese military and diplomatic spokesmen in Washington frankly were expressing concern over a fear that the Washington-London-Moscow agreement to make Hitler the No. 1 enemy might give Japan an almost insurmountable advantage in the Pacific.

Members of the Chinese military mission in Washington and attaches of the Chinese embassy make no bones of the fact that their country is in a worse position, and harder pressed, today than last December when the United States entered the war.

President Roosevelt and Prime Minister Churchill sent members of the Pacific war council away from the White House just before the British leader recently returned to London with high confidence that United Nations strategy was about to carve new and serious wounds in the Axis. This was before the overnight fall of Tobruk and the final collapse of Russia's gallant battle at Sevastopol.

The president's message to Chiang Kai-Shek therefore was weighed with unusual care. It follows:

"In the name of the people of the United States, your fighting allies in the war for freedom, I greet you on this anniversary of the most despicable attack on you in all your long and noble history.

"The people of the United States hail you as brothers in arms in the great and difficult tasks remaining before the free and freedom-loving peoples of all the earth.

"We are united as nations as people have never before been united. We are united to the end that the aims of civilized men and women shall become actual and universal.

Several workmen were injured, none seriously, at the site of the United Engineering company plant over the holiday period, and were treated at the Jameson Memorial hospital.

## Jonathan Brown Is Commissioned

Jonathan Allison Brown, son of Mr. and Mrs. Oliver P. Brown, 325 Park avenue, was commissioned Saturday as a lieutenant, j. g. in the U. S. Naval Reserve.

Lt. Brown will report for duty in Washington, D. C., in the materials estimating division of the Bureau of Ships of the U. S. Navy Department.

Prior to beginning work with the Navy Department, Lt. Brown, a Harvard Business School graduate, was employed in the market research department of the U. S. Steel Corporation of Delaware.

His twin brother, Oliver P. Brown, Jr., who received his commission as ensign in the U. S. Naval Reserve in January, has since then been a flying instructor in the aeronautic organization of the navy, stationed in Jacksonville, Fla.

Both young men are at present on short leaves visiting their parents here.

## Daily Dozen

(From the Medical Society of the State of Pennsylvania)

There are many tiny ductless glands in the human body.

These glands secrete substances directly into the blood.

None of the glands are entirely isolated or independent.

There is an intricate and complex interrelationship.

Each gland acts and reacts on another and the whole body.

However tiny, each gland exerts great functional power.

The study of their functioning is comparatively recent.

Scientists have recently extracted substances from glands.

Effective replacement treatment is now provided.

Thyroid disorders and pituitary deficiencies are treated.

Study of glandular secretions is called endocrinology.

Glandular dysfunctions are now benefited by endocrinologists.

## SEVENTH WARD NEWS

### Aircraft Warning Work Progressing

Chairman Stritzinger Is Well Pleased With Response From Residents

Chairman Al Stritzinger of the Seventh ward post of the aircraft warning service is well pleased with the splendid response received from citizens of the ward in the canvass made last week.

Work on the new observation post, which will take the observers away from the railroad platform, will get under way today, and will be rushed to completion as quickly as possible.

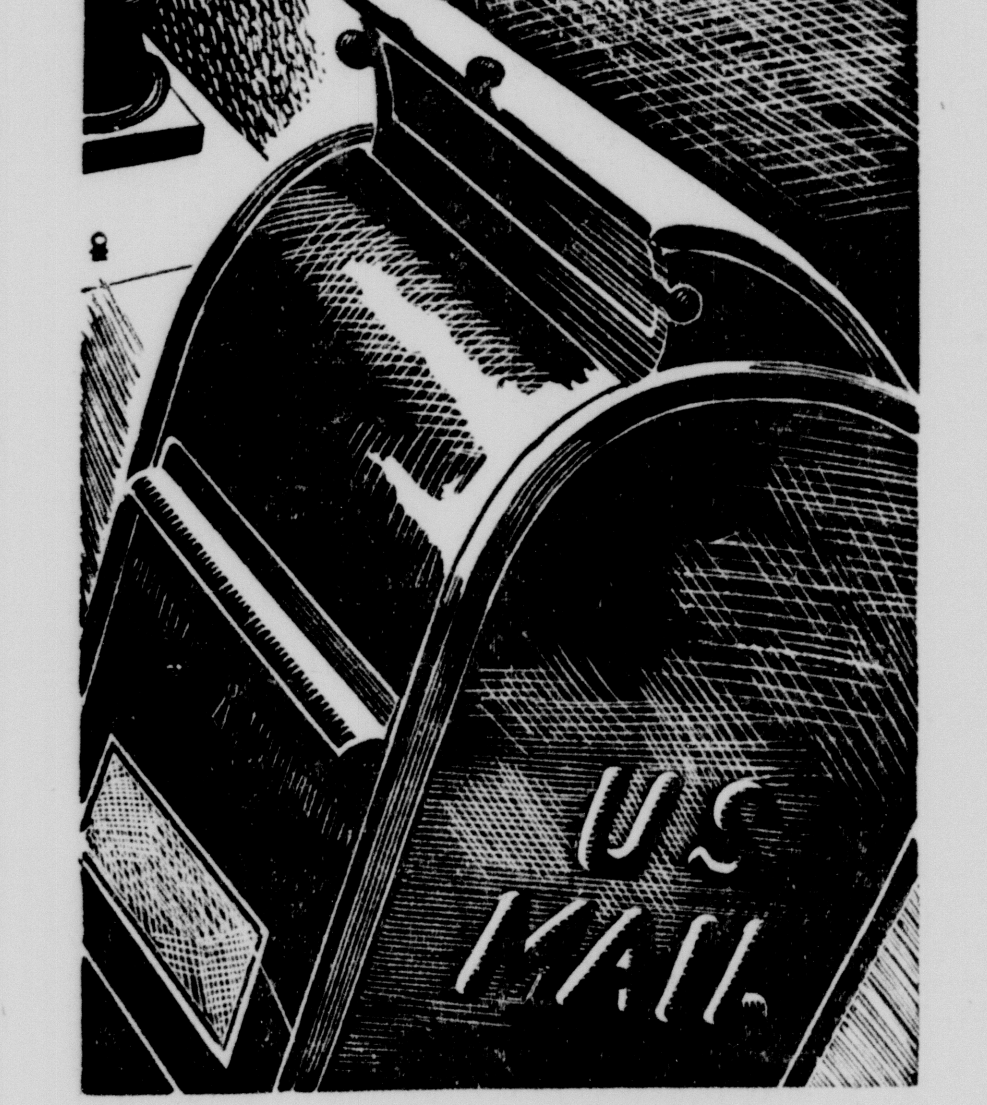

A meeting of all observers who have signed up for this important task under the United States Army will take place on Friday evening in St. Margaret's Lyceum on West Clayton street. Members will be notified by card by the secretary, Mrs. Myrtle Blasdel, and honorary secretary, Jim Fletcher.

Chairman Stritzinger states that there seems to be some confusion in the minds of people because of a similarity of names with the air raid wardens. His branch of Civilian Defense is the United States Army Aircraft Warning Service.

William Howard, of North Cedar street, has returned after a visit with friends in Kittanning.

## PAY OFF YOUR DEBTS

... Here's how

**Household loan can help you clean up your old bills on a monthly payment plan**

Do you need some extra cash? Would you like to pay off old bills as part of your wartime financial program? This advertisement tells about a simple plan which is helping many men and women with their present day money problems.

Suppose you need \$100 for an emergency or to pay off debts. You can get the money in a quick, simple transaction. Then you may repay on a regular monthly payment plan. At the end of a definite time you are entirely in the clear. The payment plan thus becomes a personal debt paying program.

The cost of this service is reasonable. Suppose you borrow \$100 and repay in six monthly installments of \$18.15 each, a total of \$108.90. The cost of your loan is just \$8.90. A \$50 loan, repaid in six monthly installments of \$9.08 each, a total of \$54.48, costs only \$4.48.

This service has been specially designed for folks with jobs. Many people have no car, furniture or other security on which to borrow. And they hate to ask friends to sign notes. Salary loans give these people an opportunity to borrow on earning ability and willingness to repay. When you get a salary loan you merely give us your personal note. We take no wage assignment of any kind. And no endorsers are required. We make many loans on other plans. The principal requirement is a job or other source of income. Even when making car and furniture loans, we consider character and regular income far more important than the actual value of your security.

**Loans for many purposes**

You may use a Household loan to pay a doctor or dentist bill, insurance, installment contracts, old store bills, car repairs, union fees, a training course, tools, moving expense, coal for winter—and for expenses of many other kinds.

You may repay your loan on almost any plan you wish. The table shows how loans may be repaid in 2 to 12 payments. The sooner you repay, the less your loan costs. Look in the table now for the loan you need. See how you may repay out of monthly income.

Payments in the table include charges at Household's rate of 2 1/2% per month on that part of a loan balance not exceeding \$100, and 2 1/2% per month on that part of a balance in excess of \$100.

This rate is substantially below the maximum permitted by the Pennsylvania Small Loan Law. Lower operating costs permit us to give our customers the advantage of a lower rate. Compare rates and costs before you borrow anywhere. Why pay more for your loan than you have to?

If you can make good use of a loan, see us at once. Or just phone and tell us how much you need.

Home Made Canvas Barge Ferries Anti-Tank Gun

A good soldier must be resourceful, so this group of U. S. troops stationed at a North Atlantic base show what they did when they had to cross a river with their anti-tank gun. An improvised barge made mainly of waterproof canvas and propelled by paddles makes an efficient ferry. Numerous rivers and streams in the area necessitates the building of many odd conveyances to speed movement of equipment and supplies.

Official U. S. Navy Photo  
Admiral C. W. Nimitz, commander in chief of the Pacific Fleet, is shown with officers in the new "flagship" presented to the fleet by the U. S. Army after the battle of Midway. The ex-jeep is painted a battleship gray and, in addition to special nautical fittings, has a brass commissioning plate inscribed "U.S.S. Hush Hush, Lap (land transport) I, Flagship. Presented to the U. S. Pacific Fleet by the Army, Commissioned at Pearl Harbor, June 10, 1942." Seated left to right are: Comm. R. F. Good, Rear Adm. M. F. Draemel, Adm. Nimitz, Capt. W. S. Delany and Col. M. W. Marston.

Where Queen Wilhelmina Was Visited by FDR

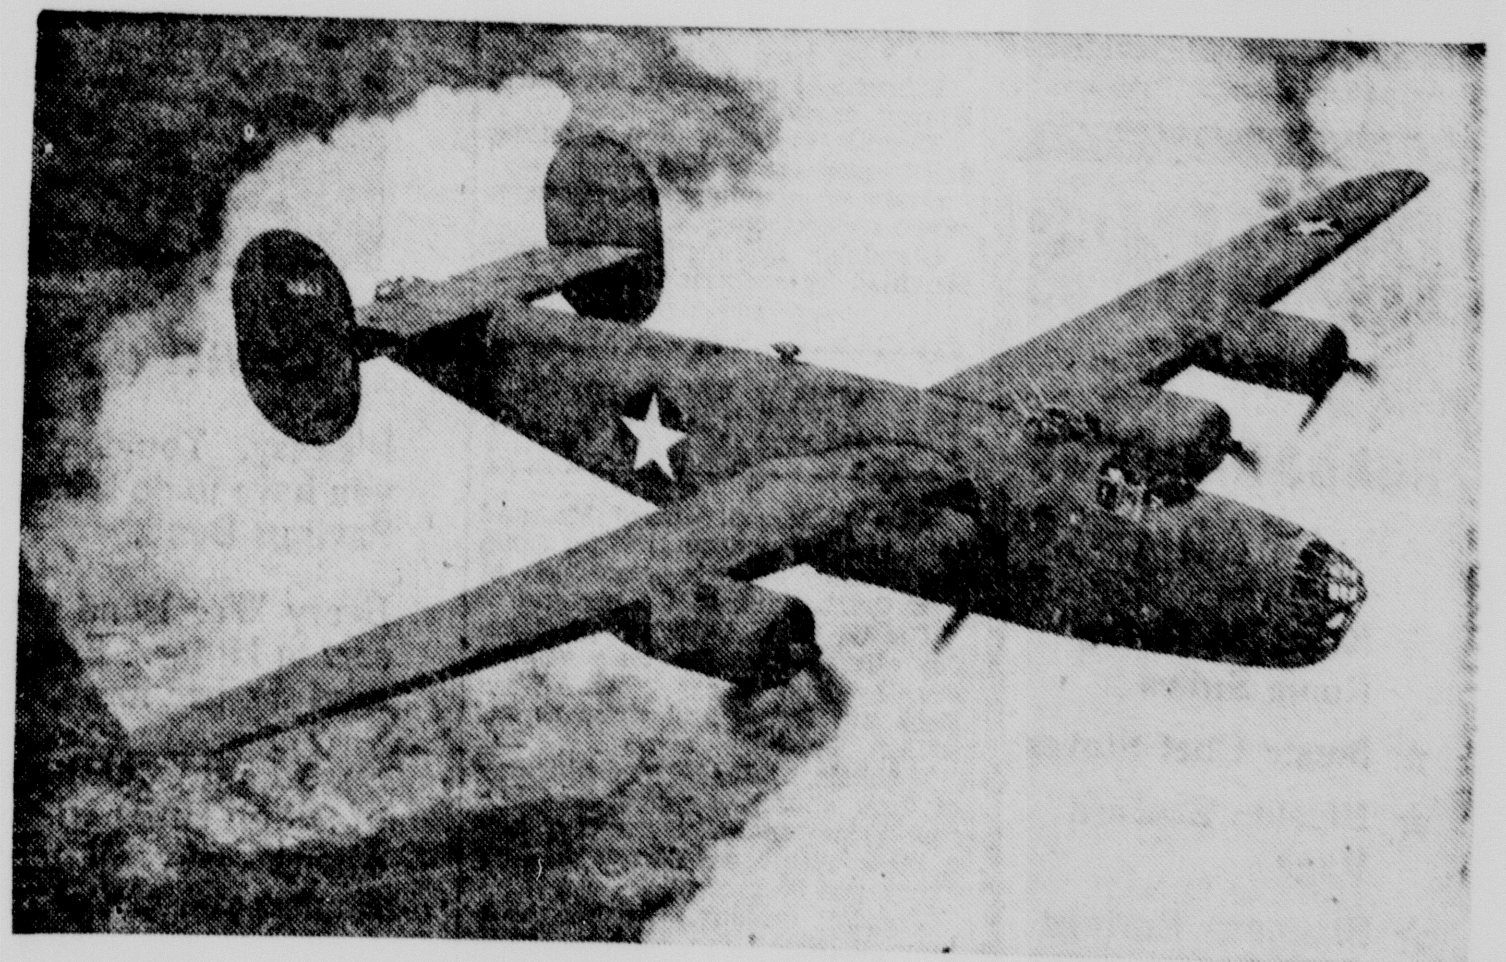

Queen Wilhelmina of the Netherlands is shown (right) with her daughter, Crown Princess Juliana, and her granddaughters, Princesses Irene and Beatrix. Irene is sitting on her mother's lap. The photo was taken at the Queen's summer home at Lee, Mass., where she was visited recently by President Roosevelt who drove there from his Hyde Park, N. Y., estate. (Central Press)

Aiding Wounded Comrade in the Libyan Desert

A wounded British ambulance driver is being given first aid treatment by his comrades during the battle of Libya after he had escaped from his blazing truck (background) which had been hit by the Nazis. The photo, just received in this country, was made during a German attack on a number of ambulances of the Imperial Army medical corps shortly before Nazi forces tore into Egypt. (Central Press)

First Flight of Texas-Built Liberator Bomber

Here is the first photo of a Texas-built Liberator in flight. The giant B-24 was constructed at the huge new Consolidated plant which was put into operation 100 days ahead of schedule. Note the turret on the top side of the plane with its twin guns pointed upward. There are also gun turrets in the tail, nose and belly of the plane. The bomber can do more than 300 miles an hour and has a flying range of over 3,000 miles. (Central Press)

## Charge Pennants "Made In Japan" Sold To Crowd

(International News Service)  
PITTSBURGH, July 6.—The army was embarrassed today and 10 men were held without bond after 60,000 outraged civilians at the Army War Show complained that pennants bearing the trademark "made in Japan" were sold at the show.

Officials immediately broadcast over the public address system that the pennants were "planted" and told spectators that if the pennants, broken in half, were returned to the box office, their money would be refunded.

At a suburban police station where the 10 "hawkers" were held, police said the army intelligence and the FBI will make a thorough investigation. Following the men's arrest, police went to the show storeroom and found \$6,000 worth of pennants, everyone bearing the hated trade mark.

## Staggered Work Hours Are Started

(International News Service)  
HARRISBURG, July 6.—Staggered work hours started today in Harrisburg for thousands of state capitol and commercial workers as local transportation officials and employers experimented to relieve a shortage of transportation caused by the and gasoline rationing.

Bus lines serving the greater Harrisburg area, which has a population of more than 130,000, will not be changed except for minor adjustments.

Commercial employees within boundaries will not report for work until 10 a. m., while on capitol hill only 25 per cent. of the workers will be at their desks at 8:30 a. m. Fifteen minutes later another 25 per cent. of the employees will report and at 9 a. m. the balance of the workers will sign in. Dismissal hours are staggered on a similar 15-minute basis starting at 5 p. m.

Patriotic professional men, working in factories after hours, have a double reward. You can do your best thinking while handling a machine.

## Norway Maple Aphids Attack Tree Leaves

Early Thorough Spraying With  
Nicotine Sulphate Will  
Check Pests

(Special To The News)  
HARRISBURG, July 6.—Infestation of Norway maple aphids are causing leaves to fall from many trees throughout the state, according to Charles E. Baer, deputy secretary of the department of forests and waters.

It has been found that these insects cluster in large quantities on the underside of leaves and secrete great batches of honey-dew which coats the foliage and frequently moistens the pavements beneath the trees. These sweet deposits often attract ants and low forms of plants known as fungi sometimes grow on them.

Automobiles parked beneath trees infested with the aphids are frequently spotted by the honey-dew, much to the annoyance of the owners.

Early and thorough spraying with nicotine sulphate, in the proportion of one pint to 100 gallons of water with four or five pounds of powdered soap will check the pests. Gallon lots of the insecticide can be prepared by mixing two teaspoonsful of nicotine sulphate and a cubic inch of laundry soap in four quarts of water.

## Patriotic Meeting Thursday Evening

Meeting In First Christian  
Church In Interests Of  
Bundles For America

A patriotic meeting is to be held next Thursday evening, July 9, at 8:15 o'clock in the First Christian church on the Diamond. This meeting is in the interests of Bundles for America, Inc.

Mrs. Wales Latham of New York City, national president of the organization, will be present to address the meeting. Sue Harvard will also be present and will sing several songs.

All mothers who have sons in any branch of the service are especially invited to attend this meeting.

### Words Of Wisdom

The secret of a good memory is attention, and attention to a subject depends upon our interest in it. We rarely forget that which has made a deep impression on our minds.—Tyron Edwards.

All that greatness does seems great. A great man is praised for "great statesmanship" when he does anything sensible.

# TO ALL ELECTRIC CUSTOMERS

We must conserve materials and man power wherever possible, especially where it can be done without added cost or inconvenience to you. As a result, we have adopted a new meter reading plan whereby—

## METERS WILL BE READ EVERY 2 MONTHS

This applies to residential meters and certain commercial meters. It does not apply generally to industrial customers.

## BILLS WILL BE RENDERED EVERY MONTH

YOU will continue to receive a bill each month. For the month in which your meter is not read, your bill will be one-half of your bills for the two previous months. The following month, when your meter is read your bill will be computed on your actual use during the two preceding months, LESS THE AMOUNT BILLED FOR THE PREVIOUS MONTH. Thus, your bill will be adjusted automatically every other month.

### UNITED FOR VICTORY

We are all in the same boat. You know the order of the day—no more tires, no more cars, save gas, save everything, not to mention a growing shortage of man power in our business. That's why you will understand what we, too, are up against—and why we must conserve in all possible ways to maintain and protect service for war production and vital home necessities.

Your co-operation will be one more help in the biggest and most critical job ever faced—winning this war.

## Yankees Still Lead Boston By 4 Games

Yanks Divide With Athletics Sunday; Red Sox Do Likewise With Senators

### FLASH! PHILLIES TOP GIANTS TWICE

(International News Service)  
NEW YORK, July 6.—Major league baseball today had ceased all normal operations to turn its attention to the All-Star game at the Polo grounds this twilight and to the game between the winner and an all-service team in Cleveland Tuesday night.

When the last base knock and alibi had gone into the record books yesterday, the New York Yankees still clung to their four-game lead in the American league. The Yankees did so by splitting a doubleheader, which were prevalent all over both leagues, with Philadelphia. The Athletics won the opening game, 5 to 4, despite 11 hits collected by the losers.

Given a tongue lashing between games by Manager Joe McCarthy who had returned to the team following a gallstone illness, the Yankees came back to win the nightcap, 4 to 2. Lefty Gomez received credit for the victory although he tied and left the game after allowing the A's six hits in seven innings.

Second place Boston failed to take advantage of the McCarthy-men, splitting with Washington. The Senators won the opener, 4 to 3, on George Case's single in the ninth. But Joe Dobson made sure they didn't repeat in the nightcap, allowing the Nats only five while the Red Sox were hammering Alex Carrasquel for 11 bingles and a 5 to 0 victory.

Chicago and St. Louis had a field day on both sides. The White Sox won the opener, 14 to 2. Then the Browns staggered back to a 13 to 2 win.

**Cards Win Two**  
In the National league, the St. Louis Cardinals managed to cut a game off the Brooklyn lead by beating Chicago 5 to 3, and 11 to 6. After Harry Gumbert succeeded in winning his first game for the Red Birds since April 22, the two teams engaged in a slugfest match in the aftermath performance.

The Dodgers split with Boston and now pace the league by eight and a half games. Jim Tobin beat the Durocher-men, 6 to 5, in the first game. Then Larry French came back in the nightcap to give the Dodgers a 2 to 1 victory and chalk up his ninth win of the season.

Ray Starr hurled his 12th triumph to give the Cincinnati Reds a 5 to 2 win in the nightcap after they had dropped the opening game to Pittsburgh, 4 to 3. After the game Starr learned that he had been named to the All-Star team to replace his team mate, Paul Derringer, who was hit on the left knee by a line drive in the opening game.

It was a big day in Philadelphia. The lowly Phils actually swept both ends of a double feature with the New York Giants. The Phils took the opener, 3 to 2, behind some fancy hurling by Tom Hughes. Then St. Johnson and Rube Melton combined to give the Lobster Pons a 5 to 3 victory in the nightcap.

These were two games the Phils absolutely will not protest.

Ben Smith, Michigan's great collegiate golfer, has set course records at Fort Myers, Fla.; Punta Gorda, Fla.; St. Clair, Mich.; an Orlando, Fla.

## Major Moguls Convene Today

World Series Change Predicted; Expect Defeat For Zeller's Plan

(International News Service)  
NEW YORK, July 6.—Mark this down in your little red book—it's a sure pop the world series is going to be different this year.

How different, no one knows at the moment. But with the major league club owners meeting today in annual mid-summer sessions—to be followed by a joint gathering—listen to what Judge Kenesaw M. Landis, baseball's high commissioner, has to say:

"I am quite sure that some change will be made in the world series this year. But I am not sure what that change will be.

The change, of course, will benefit army and navy relief and the United Service Organizations up to and including some \$200,000. In cash money, naturally. The idea prevalent seems to be to take the series on tour—with the services to get the extra dough.

Most promising plan right now seems to be a 6 of 15-game series—instead of the 4 of 7—with the first two games to be played in the two contending cities. After that, the entire show would go on a tour of minor league cities.

Also under consideration by club owners today is the proposal of Jack Zeller, Detroit general manager, to cut next season's baseball season by two months and eliminate spring training entirely as a war measure. This plan, however, probably won't get to first base. A survey of owners indicates they want to let next year take care of itself—at least for the time being.

**HERE AND THERE IN SPORTS LAND**

Today there arrives two letters. One is from Corporal W. J. Lynch, Second Base Depot, Fleet Marine Force, U. S. Marines, San Diego, Calif., and the other is from Private W. O. Doll, Co. D, Third Battalion, E. R. T. Co., Station hospital, Fort Belvoir, Va. Lynch writes he met Eddie Simms, ex-heavyweight, well known here, who is now a guard at the Consolidated plant. He said he has accompanied Barney Ross (who is now on his honeymoon) to some fights. Corporal Lynch has a brother, Thomas, in the service. He also met Johnny Othetis, Pennsylvania Power employee, now a marine, at San Diego some time ago. He reports he is well.

Private Doll has had a little tough luck. In fact, he is in the hospital at Fort Belvoir. He was going through an obstacle course and injured his heel. He writes interestingly of what the patients who can get about do to aid during a practice air raid. Private Doll expects to be all right in the near future.

**Don't permit the week to go by** unless you drop a letter to a boy in the armed service. All of them appreciate letters from home.

**Pugilistic show to raise funds** for the purchase of equipment to stamp out the effects of incendiary bombs from possible Axis bombs is to be held here July 21. It is likely that a swift campaign will get under way this week. There isn't three weeks left before the first fly at Taggart Stadium. The committees probably will be formed within a few days.

**John P. Connolly, a ballet dancer,** successfully defended his national senior A. A. U. 1500-meter walking title yesterday at South Philadelphia. He walked the approximately nine and a quarter miles in one hour, 18 minutes, 56.4 seconds John Deni, Pittsburgh, was fourth.

**It was 23 years ago Saturday** that the massacre of Toledo occurred. Jack Dempsey won the title from Jess Willard. Dempsey is a second lieutenant in the coast guard. His duty is to teach the guardsmen boxing, wrestling and jiu jitsu. We sincerely hope he teaches them to heel, elbow, butt and thumb.

**Frankie Moran will not fight** in Pittsburgh tonight as a professional, according to Tommy Leach, matchmaker for the Jefferson A. C. However, in a report from Pittsburgh today, Russell Baxter is slated to make his first professional appearance, against a fighter not named Jimmy Basamere, of Zelenkoff, also is to turn pro tonight, the report states.

**Never hit it**  
He has never been able to compromise baseball stardom with fan's fickleness, and all he needs is one good big boo to make him forget the game and go into a childish sulk that is unbelievable.

**Soldiers To Hear 10th Star Battle**  
NEW YORK, July 6.—Tonight's tenth annual major league all-star game, booked for the Polo Grounds starting at 6:30 o'clock, will be carried on a national hookup and short waved abroad for the benefit of the armed forces. It was announced today.

**CASTERS CELEBRATE**  
The Chicago Fly Casting club is celebrating its golden jubilee.

## SPORTS WORLD RAMBLINGS

Week-end jottings:—

**"Fiz" Rodenbaugh's** Moose ball club has a roster in the armed forces. Private William Smith, ex-Red Sox, Ryantown and Bush A. C. sandlotter, writes that "I'd like to see the Moose ball that City Baseball league first half championship."

**Smith discloses** that Delbert A. Jackson, ex-West Side baseballer, "Dutch" Carr and "Chuck" Weiss are quartered with him in the Marine barracks, Parris Island, South Carolina. "We get The News and enjoy it. Say hello to sports fans," Smith concludes.

**Fred Shaffer is doing his share** of pitching for the Great Lakes team. If Fred had been inducted into the Navy about a month and a half ago, chances are Mickey Cochrane might have selected him on the service all-star squad. The local blond is getting along well.

**Here's a little sad news for American Leaguers**, maybe: Marius Russo, who has hurried in only three games for the Yankees, will be back in action within the next three weeks. Russo, who won 14 games last season, has been undergoing treatment for muscular ailment in

John Hopkins hospital. Thus far, he has won two against one defeat, pitching in about 28 frames.

**Paul "Lefty" Minner** got his first starting assignment of the season for Knoxville recently and showed his appreciation by turning in a 10-4 victory over Birmingham in a Southern association fracas. The New Wilmingtonite pitched glossy six-hit ball.

**This reminds me** that Emil Leonard, the Washington Senators' ace moundman, should be ready soon for mound duty after being shelved for several weeks. John Pesky, the sensational Boston Red Sox infielder, is only 22 and is spending his third season in organized baseball. His real name is Pavlovich, and he is the son of Jugo-Slavic parents.

**Dolph Camilli** has smashed five of his season homers at Cincinnati. "Wonder if Ted Williams will be sulky when he joins the Naval Air Force? If he does, I'm afraid the penalty will be more severe than a mere \$250. For a guy who got all the nice breaks, especially in the past half year, Williams sure has a peculiar way of expressing his gratitude.

## West Pittsburgh To Face Elders Wednesday Night

That much talked about West Pittsburgh-Elder A. C. City league game is still in the unfinished business drawer.

The battle, carded for last Friday night, was postponed, this time until Wednesday night at 6 o'clock on Marshall field, Scott street.

West Pittsburgh lacked a full team. The Elders turned over a couple of players and the rivals put on an exhibition game.

Manager Joe O'Leary of the league leading Elders today announced that his proteges will go through a lengthy drill on Tuesday night starting at 6:30 o'clock. All players are asked to report.

**Victory A. C. Team Books Three Games**

Victory A. C. softball team has booked three games for this week. Deadlocked for first place in the City Softball loop, the Victory slugs hope to enhance their position by toppling the Castles, tonight at 6:30 o'clock on Clifton Flats field.

Wednesday night at Gaston Park, the Victory engages the Standard Steels in an exhibition fray Friday night, the castle for the opposition in a league battle booked for Clifton Flats field, starting at 6:30 o'clock. Manager "F" Augustine requests his players to report to Balboa club at 5:30 o'clock before leaving for the game.

**GOING BIG TIME**  
Keesler Field of Mississippi is going in for big time football. Games have been booked with Pitt, Miami, Oklahoma, Alabama and Mississippi State.

**Private Doll has had a little tough luck** in fact, he is in the hospital at Fort Belvoir. He was going through an obstacle course and injured his heel. He writes interestingly of what the patients who can get about do to aid during a practice air raid. Private Doll expects to be all right in the near future.

## Brown-Zamaris To Fight Tonight

(International News Service)

PITTSBURGH, July 6.—Mose Brown, McKeesport Negro, and Frank Zamaris, Detroit heavy-weight, will battle it out tonight in a feature 10-round affair at nearby Hickey Park.

Both are known for their belting power. Zamaris, who scored four consecutive knockouts in the Detroit White Hope tournament last year, also boasts a six-round kayo victory over Melio Bettina, scored in 1936.

Brown must win tonight if for no other reason than to prove he is still worthy of meeting Gus Leevech for the light-heavyweight title. The champ was forced to call off his meeting with Brown late last month after he was ordered to report back to the Coast Guard for active duty.

**O'Shanter Tourney Sure To Be Success**

(International News Service)

CHICAGO, July 6.—That the \$15,000 Tam O'Shanter National Open and the All-American Amateur Golf tournaments may draw the biggest crowds ever to attend an American golf event was foreshadowed today by the statement of George H. May, Tam O'Shanter president, that advance ticket sales already total 19,555.

Net proceeds from the tournaments, to be held on the Tam O'Shanter course from July 20 to 26, will be turned over to the Army Emergency Relief fund.

"Our ticket sales are just about double what they were this far in advance of the Tam O'Shanter open last year," May said.

**FAIR OR FOUL**  
By LAWTON CARVER  
INS Sports Editor

He that pays his salary. He is a paid performer—a trained seal, the headline in a big act, part of a vendible team or whatever you may want to call him, but in any case a paid performer.

As the fans want to see him as they did Wednesday when he failed to give them their money's worth his only honest and intelligent response must be an immediate about face to give them all he's got. Sucking ball players, prima donnas out there squawking at fans and quibbling with umpires and sucking have no place in the set-up in this war year.

**Sav Him Loaf**  
I personally saw Williams loaf more times than one in the outfield in ball games. I saw him go in a light dogtrot after a ball when a better ball player—or shall we say a better team player—would have run until his tongue hung out to give him team all he had.

As a 406 hitter last year he proved himself to be one of the greatest batsmen in the history of the game, but he never did help the Red Sox much and he never will until he gets over the notion that he wants to be a fireman—as he so often has said—and decides to play the game. There is more at stake in this deal than his next base hit.

As of Friday the Yankees were in the worst slump in a couple of years. Their manager is ill. Players are lame. They can't win a ball game. In other words, the opposition might come through, the opposition at this time being those Red Sox. But they won't do it with a Williams loafing on the job.

## Derringer Hurt; Starr Is Picked On All-Star Squad

Bill Dickey Is Excused Due To Shoulder Injury; Wagner Gets Post

(International News Service)  
NEW YORK, July 6.—Manager Joe McCarthy of the American leaguers and Manager Leo Durocher of the National leaguers, each announced last minute changes in their squads for tonight's major league all-star baseball game at the Polo Grounds.

Catcher Bill Dickey of McCarthy's own New York Yankees was excused because of a shoulder injury and Harold Wagner of the Philadelphia Athletics was named to take his place.

Pitcher Paul Derringer of the Cincinnati Reds was struck on the left knee by a line drive yesterday and his team-mate, Ray Starr, was selected by Manager Durocher to replace him.

**Choose Team To Represent Legion**

Strong Combination Chosen To Play In Elimination Series Later In Summer

Following an exhibition contest played at Marshall field over the Fourth, the team which will represent the Perry S. Gaston Post in the elimination series with year's from surrounding posts was chosen. Chairman Earl Moffatt and James Vessella were assisted by Frank Cosen and Joe O'Leary of the Elder A. C.

The following were named: catchers, Harry Liebenforder, Dean Park Dodgers and Robert L. Huns of Gus' Pans; pitchers, William Andrews, North Hill Ramblers, Eddie Vargo, Dodgers, Sam Ciccone, Gus' and Ivan Vargo, East Side, infielders, Franklin McCullough, Gus', Robert Miller, Dodgers, Benny Korab, Pilsak's, Charles Shehady, East Side, Ray Owat, Refractory, Fred Wimer, Dodgers; outfield, Norman Marvin, Dodgers; Steve Waslewski, Gus', and Charles W. Tanner, Jr., Moonney's.

The boys will meet at the Sporting Goods Store this evening between eight and nine o'clock to be measured for uniforms.

In the exhibition game played at Marshall field to help in choosing the players, two sides were chosen, the Americans and Nationals, the Nationals winning, 8-6. Ciccone and Young hurried for the Americans, and Andrews and Vargo for the Nationals, the latter holding their opponents to eight hits, while Young and Ciccone were touched for 12.

**Pitcher Appleton Released By Sox**

(International News Service)  
CHICAGO, July 6.—Pete Appleton, relief pitcher for the Chicago White Sox, was given his unconditional release today, but probably will not have the opportunity to sign with another team as he expects to be called soon into the military service. He already has taken a physical examination.

Appleton, now 37, has been in organized baseball 16 years during which he has served with the Cincinnati Reds, Yankees, Indians, Red Sox and Senators. The White Sox traded Gerald Walker to Washington for Taft Wright and Appleton after the 1939 season.

**City Loop Meets Wednesday Night**

President Mike Donovan of the City Baseball league today announced that an important meeting will be held on Wednesday evening at 8:30 o'clock in the Y. M. C. A. All managers are urged to be present. Plans for the second half race will be discussed.

**Slovak A. C. Nine Plays Three Tiffs**

Battles Bessemer In City- League Frays On Tuesday And Wednesday

Slovak A. C. nine will be one of the busiest aggregations in the county this week.

Henry Dumes today announced that three games are listed, Tuesday night, the Slovaks play Bessemer at Bessemer in a City league fray. The two teams stage an encore on Wednesday night on Cedar street grounds. Both games start at 6 o'clock.

On Saturday, the Slovaks travel to Ellwood City for an engagement with Ellwood City at Ewing park, starting at 3 o'clock.

**WEEK-END SHORTS**

NEW YORK, July 6.—One of the major upsets of the year in the turf world was recorded at Empire City on Saturday afternoon when Tola Rose defeated Whirlaway in the rich Butler Handicap, before 34,728 fans. The winner, sired for \$33.60 for every \$2 ticket, picked up \$22,800. Whirlay was second.

CHICAGO, July 6.—Take Wing, a 12-1 longshot, dashed through the mud to victory in the \$10,000 Stars and Stripes Handicap at Arlington Park Saturday.

BOSTON, July 6.—Joe DiMaggio, flashy New York Yankee outfielder, muffed deadlocking the American league putout record in Saturday's opening game between the Yankees and Red Sox. Joe had 10 putouts, one short of knotting the mark.

NEW YORK, July 6.—Don Budge, lanky Oakland, Calif., athlete, regained the national professional singles tennis title by whipping Bobby Riggs of Chicago, 6-2, 6-2, 6-2, Saturday. About 8,000 watched the match.

OCEAN CITY, N. J., July 6.—Stella Walsh, famous 31-year-old Cleveland athlete, was individual high point scorer in the National A.A.U. women's track and field meet held on Saturday. Tuskegee instating a Negro school, copied the title despite Walsh's victories in the 200-meter dash, discus throw and broad jump.

ST. LOUIS, July 6.—Leslie Fleming, promising Chicago Cub pitcher, was forced to undergo an emergency appendicitis operation over the week-end.

Tonight's Classic In Polo Grounds; First \$100,000 For Ball Bat Fund

GAME TO START AT 6:30 O'CLOCK

By JACK MAHON  
(International News Service)

NEW YORK, July 6.—The greatest sports of the greatest nation in the world will reach across far flung oceans today to grasp the hands of their countrymen in a twilight service when the finest baseball players in America meet at the Polo Grounds in the tenth all star classic, starting at 6:30 p. m. New Castle time.

In a flag-draped stadium filled with military officials and martial music, the best athletes of the National and American league will clash before an expected capacity crowd of 50,000 fans in a game that this year more than ever before is really an all star attraction.

For today's game is being played not for the fans alone, not the players but for the boys who had to go away for awhile to do the most important job of their generation. Every cent of the first \$100,000 collected today, and in tomorrow evening's game between the New York winner and an all service all star team in Cleveland, will go to the ball and bat fund which provides baseball equipment for the boys in their country's colors.

All other money will be split between the Army Emergency Relief society and the Navy Relief society.

The game is strictly a toss up. This year, for the first time in the last few seasons, the National appears to have the better balanced team. Broadway gamblers insisted that the odds remain 6 to 5 and take your pick.

The Nationals are packed with left handed power hitters and Marse Joe may try to pull the fuse with the only two lefties he has available. Newhouse or Edgar Smith.

Who'll win it?  
Our two cents worth and that's about all a guess on this game is worth this year is that the Americans will make it victory No. 7. The game will be broadcast.

**Stork Pays Visit To Gomez Again**

(International News Service)

BOSTON, July 6.—Vernon "Lefty" Gomez, southpaw pitcher for the New York Yankees, has become the father of a boy.

"Lefty" welcomed the latest addition to the Yanks at Massachusetts general hospital, Mrs. Gomez, who lives in Lexington, is the former June O'Dea of the follies. The couple also have a two-year-old daughter.

**NOW HE HAS**  
Mickey Cochrane retired from organized baseball without having the experience of catching a night game. But with the Great Lakes team this year he caught part of a game under lights.

**FITCH FAMOUS**  
Bob Fitch, in the headlines this spring and summer as the Middle West's outstanding discus thrower, is also famous as a Minnesota end.

## EAST BROOK

## ATTEND PRESBYTERIAL

Those who attended the annual meeting of the Mercer Presbyterian held at the First United Presbyterian church in Sharon on Tuesday, June 30 were: Margaret Bowden, Laura McKnight, Jane Reher, Gladys Stenberger, and Dorothy Smith.

## EAST BROOK NOTES

Mr. and Mrs. C. T. Hallman, and children, of Alliquippa, were weekend guests at the J. B. Jameson home.

Mr. and Mrs. John Wagner, and daughter, of Cleveland, O., have been visiting Mr. and Mrs. Earl Pettit.

Masters Jack and Dick Wilson, of Mt. Jackson, spent a few days recently with Mr. and Mrs. Leon Reher.

Mr. and Mrs. Earl Wilson, and sons, and Jimmie Davis, were recent callers at the home of Mr. and Mrs. Leon Reher.

Mr. and Mrs. Samuel Mielke, and son, Walter, of the Mt. Jackson road and Miss Phyllis Mielke, of New Castle, were callers at the home of Mr. and Mrs. Leon Reher, on Sunday.

Mr. and Mrs. Ward Sexton, and daughters, Shirley, Jean, and Rae, of Dormont, visited Sunday with Mr. and Mrs. D. B. McKnight, and family.

Albert Pontius, former resident of this place, is spending a few days visiting friends and relatives here, enroute to Ogdensburg, New York, where his parents, Mr. and Mrs. Fred Pontius live. Pvt. Pontius is on furlough from Army camp in North Carolina.

One-act drama (by telephone): "Did your wife hear you come in last night? Too bad! How many stitches did it take?"

## THE SALVATION ARMY

Salvationist women are permitted to marry. It is supposed by some that Salvation Army women are members of an order and, as such, are not permitted to marry. However, this is just another of the mistaken beliefs held with regard to the Salvation Army.

Catherine Booth, "Mother of the Army," was not only the wife of the founder of the organization, but raised successfully a large family of children, and managed a large household, the adult members of which came and went at all sorts of odd hours and moments. In addition to this, Catherine Booth led an extremely active public life, addressing vast gatherings and in many other ways sharing her husband's burdens.

Indeed it might be said that Salvationist women were among the first to successfully combine marriage and a career. In the days when it was not considered "nice" for women to take part in public affairs, Army women were leading the way in the emancipation of their sex.

Many gave their lives to the service of God with no thought that the question of marriage would ever intrude itself upon their busy lives. When, inevitably, it did, they serenely stepped into a life, two-fold in its purpose—the making of a peaceful and a good home and the service to mankind in general, to which they had already dedicated themselves.

Their success has been, and is today, conspicuous. While giving the fullest consideration to the care of their homes and the education of their children and the thousand and one cares of the average housewife, they are able to give themselves to strenuous public life, calling for every ounce of personality, tact, mental reserve, courage, faith, and love. Personal sorrows and anxieties are borne with fortitude, and the distressed and distracted, seeking for comfort and help, see only a great serenity, and are conscious only that there is a heart "at leisure from itself, to soothe and sympathize."

The Salvation Army, and perhaps the world, owes much to the quiet self-sacrifice and devotion of these women who combine, with such grace, the offices of wife and mother in the home, and social worker, minister and comforter to the poor, the sorrowful and the needy.

## June Was Wet And Warm Records Show

## Excess In Temperature And Precipitation For Month Revealed By Statistics

June proved wetter and warmer than normal, the figures of B. P. Johnson, U. S. weather observer, reveal. An excess of 1.6 degrees was shown in the temperature, while the precipitation was .60 inches over the normal.

The mean maximum temperature was 81.9 degrees, the mean minimum 59.1 degrees and the mean or average 70.5 degrees. The highest temperature was 92 degrees on the 30th and the lowest was 50 degrees on the 16th.

The total precipitation was 5.38 inches, the greatest in 24 hours being 1.36 inches on the 21st. Days with .01 or more inches in precipitation were 15, days clear 12, partly cloudy 9, and cloudy 9.

In 1941 there was an excess of 1.3 degrees in temperature and .61 inches in precipitation.

## FROM ME TO YOU

By MESEFALL

And how are you after that big double Holiday? Still going strong or are you a little weak around the knees. We people here at look should be very thankful that weak knees is all we have. . . look around the world and see what some of our citizens did this past week and celebrate the 4th of July . . . We hope that soon the "mess" will be cleaned up.

A very nice crowd attended the Patriotic Rally in The Cathedral last evening when the churches of the town sponsored Senator Benes . . . Famous Czech Statesmen. The entire program was very interesting and those in charge deserve a great deal of credit . . . they worked the whole idea up in minutes instead of weeks as is the custom for such occasions. We have a community here that each one can be proud of . . . how do you rate?

The biggest show on earth . . . now playing in Pittsburgh . . . happens to be the most exciting show that ever was staged. The Army War Show . . . 1500 men are engaged in the production with each 100 minutes of the show packed with excitement and good showmanship. Every person who can afford the time should make an effort to attend . . . personally we haven't seen the show but from first hand information from New Castle residents who have seen the show . . . no one should be disappointed. One spot in particular that was mentioned. Thirty thousand people are sitting in the stadium . . . all the lights go out . . . total blackout it is. The announcer states that when he counts three everyone should strike a match . . . he counts three and about thirty thousand matches burn at once . . . the light created is enough to enable a person to read a newspaper easily any place in the stadium. And That is why burning matches during a blackout are taboo. And it's quite a thrill too when the planes come in low over the stadium . . . in fact they zoom right down into the center and out again . . . Yes, friends you should see the show . . . it really shows you how the Army, who is defending your rights of Freedom, works.

Don't forget that tonight the stores will be open for your convenience. Make a trip downtown . . . activity until nine o'clock.

Some Advance  
In Stock Market

Trend Of Last Week Is Continued In Trading During Morning

(International News Service)

NEW YORK, July 6.—The stock market today advanced from fractions to more than a point, continuing the trend of last week.

Volume picked up slightly in forenoon dealings. The rise was paced by rails, coppers and some "blue chips." Many issues hit new recovery highs.

Best prices were reached before the end of the first hour. American Telephone jumped 1 1/2 points to above 115. Other features were Western Union, up 1 to 69 1/2; Coca-Cola, up 1 to 78. Sears Roebuck, up a point to 56 and American Airlines, up more than a point to 34 1/2.

Large fractional advances were chalked up for Santa Fe, Union Pacific and Southern Pacific, while lesser improvement was made by Central and Pennsylvania. All active coppers rose by small fractions.

Among other buoyant groups were steels, motors, rubbers and oils. U. S. Steel rose almost a point at one phase.

A few laggards developed before noon, namely American Can, General Electric, Union Carbide, and most utilities.

Ruth Musselman  
Becomes Bride Of  
Charles M. VoglerCeremony Performed Saturday  
Afternoon At Wurtemburg  
Methodist Church

ELLWOOD CITY, July 6.—The Wurtemburg Methodist church was the scene of a lovely wedding on Saturday afternoon at 2:30 o'clock when Miss Ruth Margaret Musselman, daughter of Mr. and Mrs. Jacob Musselman, of Wurtemburg, became the bride of Charles M. Vogler, son of Mrs. Sarah Vogler, of Rochester.

The popular single ring ceremony was performed in the presence of many relatives and friends, a number coming from New Castle, Rochester, Chicago, and this city, by the pastor, Rev. Mary Johnson. The altar was banked with ferns forming a pretty setting.

Nuptial music and the wedding march from Lohengrin was played by Mrs. Harry Hess.

An attractive light blue dress with maline trimming was chosen by the bride, and she wore a corsage of red roses.

Miss Louise McConahy served as maid of honor and appeared in a becoming pink net dress with white accessories—and a corsage of white gardenias.

Charles Altman served as best man and the ushers were Dale Musselman, a brother of the bride, and Ray Ketterer.

A reception featuring pretty bride appointments followed the ceremony at the bride's home. Later in the day the couple departed on a wedding trip with the bride wearing a becoming navy blue ensemble with white accessories.

They will reside at Rochester.

Salary Deduction  
Bond Purchase  
Plan In EffectFifteen Industries In Ellwood  
City Are Reported As 100  
Per Cent Participating

ELLWOOD CITY, July 6.—Under the direction of Boyd Barrett, local member of the National Association of Life Underwriters and chairman of the salary deduction plan in Ellwood City, the salary deduction plan has been installed in over 15 local places of employment. The percentage of participation among the employees varies from 50 per cent to 100 per cent. Those industries where 100 per cent of their employees are participating are as follows:

National Tube Company.

Aetna Standard Engineering Co. American Steel Co.

The Ellwood Co.

Federal Savings &amp; Loan Ass'n.

Circle Lumber Co.

Ellwood Ice Co.

Community Loan Co.

G. C. Murphy Co.

The employees in the Ellwood City Forge and the Ellwood Forge, the Mathews Conveyor and W. T. Grant have over 90 per cent participation, some of them very close to 100 per cent.

In addition to the great number of employees participating is the fact that in seven of these companies the amount of the deduction from the payroll amounts to over 10 per cent. Those companies are:

Ellwood City Forge and the Ellwood Forge, the Mathews Conveyor, Federal Savings and Loan, Ellwood City Ice, Circle Lumber and G. C. Murphy Co.

According to Steacy E. Webster, associate state administrator, this is an outstanding record and the employees and the employers in Ellwood City deserve much credit for their full hearted support in this important war program.

Industries having 90 per cent or greater of their employees participating are authorized by the United States Treasury Department to purchase and display a Minute Man flag denoting their participation.

The Ellwood City Chamber of Commerce, through their secretary, Denney Schill, has arranged a special presentation program for Tuesday afternoon at which time Minute Man flags will be presented to the National Tube, the Aetna Standard, Ellwood Forge, Ellwood City Forge, Mathews Conveyor, American Steel Co., and the Ellwood Company.

These flags will be presented at the different industries by Judge Walter W. Braham to a representative employee of the company.

Miss Betty Deemer  
Weds James Keefer

ELLWOOD CITY, July 6.—Miss Betty Deemer, daughter of Mr. and Mrs. John Deemer, Riverview, and James Keefer, son of Mr. and Mrs. Wilbur Keefer, of McKeesport, were united in marriage on Saturday evening at 6:30 o'clock by Rev. Herman M. Patton, pastor of the First Christian church, at his home, on the Ellwood-New Castle road.

For her wedding the bride chose an attractive blue lace street length dress, with matching accessories and wore a corsage of yellow tea roses.

Miss Etta O'Brien was the maid of honor and wore an attractive light blue dress and a corsage of white roses. John Bianco served as best man.

A reception followed at the bride's home after which the couple departed for their new home, at McKeesport, where the bridegroom is employed. The bride is a graduate of the May class of the local high school.

Last Rites For  
Harry H. Witte

ELLWOOD CITY, July 6.—Funeral services for Harry H. Witte, who died suddenly on Monday night from a heart attack while vacationing at Conneaut Lake Park, were held on Friday morning from 10 to 11 o'clock in the Fifth street, and were deeply attended.

Rev. R. D. Wilkey, officiated with relatives attending from Pittsburgh, Meadville, Beaver Falls, Zanesville, Erie, Layton and Newton Falls, O.

Interment was made in St. Agatha's cemetery with pallbearers being William McGill, Jack Quigley, Lewis Smiley, Ralph Thompson, John D. Hayden and Gene Meddeker.

FIRST AID CLASSES

ELLWOOD CITY, July 6.—Fire Chief C. V. Rodgers, requests that all defense class enrollees including those of Wiley Hill, Frisco, and other places, attend the first aid class to be held Tuesday morning at 9 a. m. or in the evening at 7 p. m. at Robert Dambach and Albert Starr will be in charge. All groups are required to take the first aid course. This is the second lesson of the new course which began last week.

SANKER W. C. T. U.

ELLWOOD CITY, July 6.—The Clinton Sanker W. C. T. U. will have a garden party on Tuesday afternoon at 2 o'clock at the home of Mrs. Jacob Smith, Rockdale. A ribbon-tying ceremony for babies will be in charge of the county president, Mrs. Earl Cossins, of Rochester.

Malcolm M. Tait  
Is Taken By DeathFuneral Services To Be Held  
Thursday Afternoon From  
Bell Memorial Church

ELLWOOD CITY, July 6.—Malcolm M. Tait, 341 Line avenue, passed away on Saturday evening at 6 o'clock at the Rochester hospital following an illness of two weeks.

He had been a resident of Ellwood for almost 50 years, and had a legion of friends by whom he was held in high esteem. He was a pensioner of the National Tube company, and a member of the I.O.O.F. lodge. Since it was founded he had been a faithful member of the Bell Memorial Presbyterian church, and served the organization as a life elder as well as always teaching a young men's Sunday school class.

Immediate survivors are his wife, Mrs. Elma Tait, two daughters, Mrs. Hazel Doyle of Dallas, Tex., who is expected home for the funeral, and Mrs. Bessie Young of Akron, O.; two sisters, Mrs. E. C. Boyer and Mrs. Homer Hazen, both of Cleveland, and two grandchildren.

Funeral services will be held on Thursday afternoon at 2:30 o'clock from the Bell Memorial Presbyterian church with the pastor, Rev. J. B. Pringle to officiate. Interment will be made in Slippery Rock cemetery. Friends will be received at the Van Gorder funeral home until Tuesday noon after which the body will be moved to the family residence where friends may call.

Picnics, Reunions  
Feature Holiday

Many Families Gather For Outings At Ewing Park And Other Places

ELLWOOD CITY, July 6.—Among the many enjoyable reunions and picnics of the Fourth were:

Hazen Reunion

About 100 descendants of Joseph and Mary Hazen assembled on Saturday at Con-E-Que for the annual gathering, coming from neighboring towns.

Delicious picnic meals were served and a fine sports program was enjoyed.

Officers chosen included: President, Harry Hazen; vice president, Fred Smith; secretary, Bessie Smith; treasurer, Clair Smith, and sports, Omer Aiken.

It was decided to have the reunion at the same time and place next year.

Majors Reunion

At Huber's Beach, North Sewickley, about 75 relatives and friends gathered on Saturday for the annual reunion, a number coming from Detroit, Butler, New Castle and Pittsburgh.

Dinner arrangements were in charge of Frank Wallace and Mr. and Mrs. Thomas McConahy were in charge of the sports program. Mrs. Anna Houk was the oldest member of the family attending.

Officers chosen were President, Arthur Anderson, New Castle; secretary and treasurer, Arthur Miller, Ellwood; and sports, Mrs. Ida O'Kesson, Butler.

Next year's reunion will be held at Edgewood Grove.

Lilyville Picnic

A delightful picnic of Saturday was the annual gathering of the Lilyville Church of God held at Ewing Park grove. About 150 members and friends attended with tempting meals being served at noon and in the evening. Mrs. Elmer Best was in charge of table arrangements.

Ball games and a fine sports program directed by Herman Persons were the diversions.

Leonhardt Reunion

Mr. and Mrs. Charles Leonhardt graciously welcomed the Leonhardt families for the annual reunion on Saturday at their home, near Mt. Pleasant.

## Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

### PLANT MORE CROPS TO KEEP GARDEN WORKING

Lawrence County home gardeners are now at the halfway point in the season. Back of them is the spring garden; ahead of them is the fall garden.

Spinach, lettuce, peas, green onions, radishes, and some early cabbage already have been harvested. In the space vacated, more crops can be planted to keep the garden working.

Plant carrots now for winter storing and beets for fall canning and winter storage. In the salads and greens group are Chinese cabbage, endive and kale which will mature more quickly if seeded now and thinned rather than transplanted. Celery, also, can be planted.

This is the last call for planting sweet corn, but snap beans may be planted until the middle of July.

### SAVE BARNS BY CARE IN STORING HAY CROP

Spontaneous combustion is one of the chief causes of barn fires. This cause and lightning are responsible for fully three-quarters of the losses.

Pennsylvania has an investment of \$500,000,000 in farm buildings. With little change of replacement under present emergencies, it behooves everyone to take all possible precautions against fire, because 80 per cent of the losses are preventable.

The storage of partly cured hay is the principal barn fire hazard. Alfalfa hay is the hardest to cure, and if damp the best place for it is in the silo. Some feel that outside moisture from dew and rain is more likely to cause fire than the same quantity of sap in the stems.

Packing under the hay fork often starts a hot spot. Good "moving away" prevents this, and the job can be done with less labor if a hay chute is used.

Good ventilation up to a temperature of 158 degrees Fahrenheit helps to solve the problem, but above that temperature a blast of air may

cause the hay to burst into flames. At 185 degrees fire may be expected at any time, and at 195 degrees the hay should be taken out with fire-fighting equipment in attendance.

A good orchard or potato sprayer may be used to advantage if a big gun is on a long piece of hose. No more water than necessary is used to cool the hot spot and most of the hay usually can be saved. A mist or fog under a high pressure of at least several hundred pounds recently has been found to be the best method of handling many fires.

Several neighbors may join in fixing up a spray rig for their mutual advantage, and every farmer should have a good water supply or a cistern of at least 3,000 gallons available for emergencies. Carbon dioxide gas in tanks from a soda fountain has been used to hold hot hay from burning until it could be removed.

If sparks from engines and belts are eliminated, good housekeeping practiced, and more than usual care taken with fire prevention, there will not be so much need for fire fighting.

### SAVE WOOL VALUE IN COOL, DRY STORAGE

In view of the present marketing conditions, it appears that many farmers will store their wool clip, at least for a short time.

The value of stored wool can be reduced easily and quickly. In contact with the ground or a concrete wall, wool will take on moisture. Left in such condition the fleeces soon will become musty. Under this year's price regulations, such wool will be reduced in price about 10 cents a pound.

The average flock of sheep in Pennsylvania numbers about 30 head which will clip about 200 pounds of wool. The loss, therefore, to the grower whose wool is damaged in storage is no small sum.

Wool growers have found that the best way to handle their clip is to pack the fleeces in regular wool sacks as soon as shorn. Then they store the wool in a cool, dry place where it will take on no additional moisture and at the same time will not lose much weight.

### CALL SOUNDED FOR CLIPPING PASTURE

Abnormal moisture conditions have stimulated a rank growth of grass and weeds which will seriously reduce production of good grazing later this summer, unless the pastures are clipped.

Considering all the jobs to be done, the weather, and scarcity of labor, no farmer wants to think of non-

essentials. However, the mowing of pastures is hardly in that class, and the work can be done when it is too wet for other farm operations. Thistles, buttercups, yarrow, and many other weeds are now in the blooming stage. Clipping now will prevent seeding and give the weeds a severe setback. Regular mowing, along with soil improvement, will rid a pasture of weeds.

Areas of grass gone to seed will produce little feed to attract a dairy cow unless the tough, mature tops are removed to permit the growth of new grass blades and white clover. Short grass always is more palatable and nutritious, and white clover cannot compete with the tall grass.

High clipping leaves stiff, unpalatable stubble and permits some weeds to bloom again. For that reason, the mower must be cut fairly close to the ground. Much of the clipped grass will be picked up by the stock which often craves some dry feed. Mowing only part of the pasture at a time will leave some of the larger grass as a reserve.

If the cut material is very heavy and time permits, it may be best to rake it off for haying or bedding, or it may be put into a stack which the stock can work on later. Too much clipped fine grass left on the ground may have a smothering effect on the pasture and stock occasionally are sickened by picking up such material.

### Electric Chair Loan Offered

(International News Service) INDIANAPOLIS, July 6.—The inquiry of the state of South Dakota as to whether anyone had an electric chair to spare was answered today by Gov. Henry F. Schrier of Indiana who said, yes, Indiana had one which it would be glad to lend to its sister state.

This assures that Clifford Hayes, 31, and Paul J. Sewell, 41, will go to their deaths on schedule the week of August 9 for the murder of a South Dakota sheriff and a farmer.

South Dakota, which has not had an execution in 27 years, authorized the death penalty in 1939, but neglected the detail of appropriating for an electric chair. Recently the state sought to build an electric chair, but the government stepped in and said executions were not necessary to the prosecution of the war and denied priorities on materials.
